Subject: Suspension of all university-sponsored travel to China

Dear Campus Community,

To safeguard the health and well-being of our community and respond to the global health emergency over coronavirus, ODU will not approve or reimburse students, staff, and faculty for any university-sponsored travel to China until further notice. This prohibition includes travel arranged through ODURF. As coronavirus spreads beyond China, these measures not only heed the China Travel Advisory issued by U.S. State Department but also protect the university community.

Austin Agho, Ph.D.

Provost and Vice President for Academic Affairs

Don Stansberry, Ph.D.

Interim Vice President for Student Engagement and Enrollment Services
