Within the pages of this Benefit Information Guide you will find answers to frequently asked questions about pre-authorization, emergencies, urgent care, and more. Information specific to services your plan covers, as well as plan deductibles, copayments, and other cost-share amounts can be found in the Uniform Summary of Benefits and Coverage (SBC) and the Summary of Benefits in the following two sections of this Guide.

Our Plans

Optima Health offers several different plan options to meet our customers' needs. This Benefit Information Guide outlines basic information and answers common questions about the plans we offer. Plan information such as copayments, coinsurance, and applicable deductibles is referenced in your specific Plan benefit chosen by your employer. Refer to your Plan documents for more details.

Every individual covered by an Optima Health plan receives a member ID card, which is designed according to your specific plan. Your card includes your name, the name of your employer, group number, member ID number, the name of your plan, and important phone numbers. Depending on your plan, it will also include copayment and coinsurance amounts for prescription drugs, office visits, emergency room, and other services. Always show your member ID card whenever you receive services or get a prescription drug filled to ensure you are charged the correct amount.

*You can contact us by website,
mobile app, email, phone, or
mail if you need additional
information.*

Welcome to Optima Health

Our Plans

Optima Vantage

Optima Vantage is a *referral-less* HMO plan in which you choose a Plan primary care physician (PCP) who will coordinate your healthcare needs. You are not required to obtain referrals for Plan specialist care. If you need to see a Plan specialist, your PCP may coordinate your care, or you can make your own appointment. Except for emergency services, all care must be received from Plan providers in the Optima Health network to be covered by the Plan.

Optima Patient-Optional Point of Service

If your employer offers one of the Optima Health fully insured Vantage products, you may have the option to enroll in a Patient-Optional Point-of-Service (POSA) plan. This plan permits you and your eligible dependents to receive the full range of covered items and services from out-of-network or non-Plan providers. During your enrollment, ask your employer for information about the POSA plan available to you. Please keep in mind that if you choose to enroll in a POSA plan, your premium, copayment, and/or coinsurance for covered services may be different from the Vantage plan.

Optima Point of Service

Optima Health has a Point-of-Service (POS) plan in which you choose a PCP. Referrals are not required. The Plan features in-network and out-of-network benefit options.

Optima Design Vantage, Optima Design POS, and Optima Design POSA Plans

Optima Design Vantage is a Health Reimbursement Arrangement (HRA) coupled with a consumer-directed HMO plan. Similarly, Optima Design POS and POSA are HRA plans coupled with a high-deductible POS and POSA plan.

Benefits of Optima Design Vantage, Optima Design POS, and Optima Design POSA include:

- lower premiums - You will save money per pay period for health coverage.
- financial support - You will receive financial support in the amount determined by your employer to help offset your qualified out-of-pocket healthcare expenses.
- tax benefits - All HRA funds are tax-free and not considered part of your income.

Optima Equity Vantage, Optima Equity POS, and Optima Equity POSA Plans

Optima Equity Vantage, POS, and POSA plans are consumer-directed health plans that can be combined with a Health Savings Account (HSA). Optima Equity members electing to open an HSA are eligible to make tax-deductible contributions to the account.

Our Provider Network

Understanding your Plan's network helps you know how your care is covered by Optima Health.

In-network:

Doctors, hospitals, and other healthcare professionals who sign an agreement with Optima Health are participating, or in-network, providers. These providers have agreed to accept a set fee for services rendered to our health plan members. Except for emergent situations, Optima Vantage members must receive covered services from in-network providers in order to have their services covered by Optima Health.

Out-of-network:

Doctors, hospitals, and other healthcare professionals who do not have a signed agreement with Optima Health are considered non-Plan, or out-of-network providers. Typically, Plan members enrolled in a POSA or POS plan have out-of-network benefits. When they receive covered services from out-of-network providers, Optima Health will pay a set percentage, or an allowable charge, of the amount paid to in-network providers for the same service. The member will pay the rest. If the out-of-network provider charges more than what Optima Health pays, the provider may bill you, the member, for the difference between the two amounts.

Clinically Integrated Networks

Many of the providers within the Optima Health network participate in a clinically integrated network (CIN), which is a collection of physicians, hospitals, and specialists that join together to improve care and reduce costs. Through technology, analytics, collaboration, and in-person care, CINs are committed to high-quality care; increased access to care and overall member experience through improved wellness and disease prevention; and care coordination for members with chronic conditions.

OptimaDirect® Network

As a member of an OptimaDirect® plan, you have a tiered network of providers. This means that you have the freedom to choose from any healthcare provider in the network. You will have a lower cost share—copayments and coinsurance amounts—when you use a Tier 1 provider. With this network design, you have the option to also visit Tier 2 providers for a higher cost share than a Tier 1 provider. Please refer to your plan documents for more information about the cost savings of choosing a Tier 1 provider, specific to your plan.

You and Your Primary Care Physician

A Relationship for a Healthy Life

When you have a health concern or need medical care, do you have that one “go to” doctor you can call? A primary care physician, or PCP, is your main point of contact - your first stop - to identify an illness or condition, offer methods of care, write prescriptions, and recommend specialists or facilities if additional diagnoses and follow up are needed.

When you establish a relationship with a PCP, you develop continuity of care with someone who gets to know you and your health goals, and helps you manage your overall progress.

Benefits of a PCP

- Your PCP will provide routine and preventive care services such as annual physicals, exams, and treatment for colds and the flu.
- Your PCP can help you focus on staying healthy, in addition to treating you when you are sick or hurt.
- Through routine care, your PCP can catch problems early, before they become serious or lead to major illnesses.
- If you have a chronic condition like asthma or diabetes, your PCP will help you develop a self-management plan, monitor your progress, and refer you to specialized care if needed.

Get the most out of your time with your PCP

- **Be honest.** It’s always the best policy, especially when your health could be affected.
- **Come prepared.** Write down your questions and be specific about what you intend to discuss.
- **Prioritize your concerns.** Time is limited with a provider so focus on the issues most important to you.
- **Don’t be afraid to request another appointment.** If you have a long list of items, schedule another appointment, and tell the doctor you have other issues to address.
- **Bring someone with you.** A close friend or family member can help keep track of information and is a way to be sure all your questions will be answered.

You and Your Primary Care Physician, continued

- **Use an online patient portal to communicate if available.** Don't underestimate the power of communication that is not face to face.
- **Tell your doctor about over-the-counter medications, herbal supplements, and vitamins.** Some of these can interact with prescribed drugs.
- **Tell the doctor if you are stressed, depressed, or abused.** Doctors may not be therapists but they've heard it all. Don't be afraid to discuss personal issues.
- **Let your doctor know if you have reasons for not following orders.** Does your medication cause side effects? Are you unable to follow a nutrition or activity plan? Let your doctor know!
- **Tell your doctor if you can't sleep. Sleep is important to your health.** Your doctor can evaluate the problem and provide advice on how to solve it.
- **Let your doctor know if you have low energy.** Fatigue is associated with many illnesses. Let your doctor know if this is a chronic problem.

Frequently Asked Questions

How do I choose or change a plan PCP?

When you enroll, if your Plan requires the designation of a primary care provider (PCP) you have the right to designate any PCP who participates in your Plan's network and who is available to accept you or your family members. For children, you may designate a pediatrician as the PCP. Your Plan may assign a PCP to you and your family until you choose a PCP. For information on how to select or change a PCP, and for a list of the participating PCPs, you can call member services. You can also find the list of participating providers on optimahealth.com.

You do not need prior authorization from your Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a healthcare professional your Plan's network who specializes in obstetrics or gynecology. The healthcare professional; however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact member services. You can also find the list of participating providers on optimahealth.com.

If you are new to the Optima Health community, you can often continue your relationship with your current physician, or select a new one from our extensive list of participating providers. If you have children, you may choose a participating pediatrician as their PCP. You can change your PCP or review a list of participating providers at optimahealth.com.

Frequently Asked Questions

Primary Care Physician, continued

If you have not seen your designated PCP within the last 24 months, please contact your PCP's office or member services to ensure that the office still lists you as a patient. Having your correct PCP on file ensures that any correspondence or other outreach to your PCP is accurate.

What about my spouse and children? Do we all have to have the same PCP?

Adult members have the right to choose a general family practice or an internal medicine doctor as their PCP, and a family practice doctor or a pediatrician for their children.

What if my plan doctor leaves the Optima Health network?

If your plan doctor leaves the network, Optima Health will notify and assist you in finding a new doctor or facility. If you are in active treatment with a doctor who leaves the network, you can request to continue receiving healthcare services from the doctor for at least 90 days. If you are beyond the first trimester of pregnancy, you may be able to remain with that doctor through the provision of postpartum care directly related to the delivery. For a terminal illness, treatment may continue for the remainder of the member's life for care directly related to the terminal illness.

Specialist Care

What if I need to see a plan specialist?

You do not need a referral from your PCP for specialist care. If you and your PCP make the decision for you to see a plan specialist, your PCP will coordinate your care, and you can make your own appointment. Before you see a specialist, you should confirm that the plan specialist is in the Optima Health network. Visit optimahealth.com/members or contact member services at the number on the back of your member ID card to make sure that your specialist is in the network.

What if my plan doctor directs my care to a non-Plan provider?

It is your responsibility to ensure that you are using in-network or plan doctors and facilities. If you have an Optima Vantage (HMO) plan and your plan doctor directs you to a non-Plan provider, you will be responsible for payment of these services. If you have an Optima POS or Optima Plus (PPO) plan, you have the option of using Plan providers or non-Plan providers. Claims from non-Plan providers will be paid at a reduced benefit level and you will usually pay a higher deductible, copayment, and/or coinsurance amount. You may also be balance billed for any charges in excess of the Plan's allowable charges. Information on balance billing is located in The Fine Print section of this guide. To find a Plan provider, use the Find a Doctor or Find a Facility search feature or download a Provider Directory from optimahealth.com/members or the Optima Health mobile app. You may also contact member services at the number on the back of your member ID card.

Frequently Asked Questions

Specialist Care, continued

Is my Plan specialist authorized to order diagnostic or X-ray tests for me?

Yes. However, some tests may require pre-authorization by the Plan.

Do I need a referral for my annual GYN exam?

No. Your Plan does not require referrals. Members may schedule an appointment for a routine annual exam with any OB/GYN in the Optima Health network.

Can an obstetrician (OB) serve as PCP while I am pregnant?

Yes. During your pregnancy, your OB can serve as your PCP. As a Plan member, you are automatically eligible for the Optima Health Partners in Pregnancy program. This program is designed to provide education and support to pregnant women. If you would like more information about the program, please call 1-866-239-0618, option 1.

Who is responsible for making sure the Plan providers I see and the services I receive are covered under my health plan?

It is up to you to know which doctors and medical facilities are Optima Health providers. To confirm Plan participation, use the Find a Doctor feature on optimahealth.com/members or the Optima Health mobile app, download a Provider Directory from optimahealth.com/members, or call member services at the number on the back of your member ID card.

Remember, while you do not need a referral to seek care, you do need to ensure that you are seeing a Plan provider. If you have an Optima Vantage plan and you seek care from a non-Plan provider, you will be responsible for payment of those services. If you have an Optima POS or Optima Plus (PPO) plan, you have the option of using Plan providers or non-Plan providers.

Member Services

When do I receive my member ID card?

You should receive your card(s) in the mail within 10 days of your plan effective date, depending on when you enroll. You can also view, download, and print a temporary card when you sign in to optimahealth.com/members and create an account, or download the Optima Health mobile app. If you do not receive your member ID card, please contact your group benefits administrator.

Frequently Asked Questions

Member Services, continued

What does Optima Health do to assist members with communication disabilities?

Optima Health uses various means to facilitate healthcare services for members with physical, mental, language, and cultural barriers. For members who may be hearing impaired, Optima Health uses the Virginia Relay Service at TTY 711 or 1-800-828-1140. Members who are non-English speaking can connect to a language interpretation service by calling 1-855-687-6260. Additionally, members may

request documents that contain benefit, plan, premium, and appeals information in languages other than English. If you need assistance with any accommodations in accessing healthcare, contact member services at the number on the back of your member ID card.

Who can make changes or update my membership information?

No one can make changes or view your information without your consent. In accordance with privacy laws, we require an Authorization of Designated Agent form whenever anyone other than the Optima Health member needs to obtain

and/or change health information. This form must be signed and returned to Optima Health. Visit optimahealth.com/members to download a Designated Agent form or contact member services at the number on the back of your member ID card to request a form.

When and how can I add a newborn or adopted child?

You must add newborns or adopted children to the plan within 31 days of birth or placement for adoption. The application and supporting documents for these additions must be submitted directly to your employer for processing. Failure to provide information requested by Optima Health within 31 days from the birth or adoption will result in your dependent being ineligible for coverage until the next open enrollment period or qualifying event.

When and how can I enroll my dependent up to age 26?

Dependents up to age 26 can be enrolled during the month of the group's renewal regardless of the dependent's student status. The subscriber has 30 days to add the dependent. If the child is added within the 30-day period, coverage will begin on the plan renewal date. If the child is not added within the 30-day period, the child will have to wait until the next open enrollment or a qualifying event.

Frequently Asked Questions

Member Services, continued

How can I ensure my enrollment in the health plan is processed in a timely manner?

Respond to each item listed on the application in its entirety. Also, pay close attention to areas requiring you to provide information about other health insurance carriers that you or your family may have. If you do not have additional health insurance, please state so in the areas indicated. If your application is incomplete or if you have failed to complete the coordination of benefits section, this may delay processing your enrollment and your effective date of coverage.

Do I have to present any additional information to have my application processed?

You may need to provide additional information if you have dependents with a last name different from your own, you may need to produce legal documentation to support your relationship (e.g. birth certificate, marriage certificate, court order, adoption papers), or if you have dependents that exceed the maximum dependent age, you will be asked to provide current documentation to support their disabled status. Contact member services to see if dependents are eligible for coverage. Failure to provide information requested by Optima Health may result in your dependent being ineligible for coverage.

Why do you need social security numbers for me and my dependents?

Social security numbers (SSN) are required on all individuals, including children, to comply with federal law related to coordination of benefits. If you do not have a SSN or do not wish to provide one, a refusal form must be completed annually for each family member not providing a social security number. New enrolling members who do not provide their SSN and do not send a refusal form will not be enrolled and will be ineligible for coverage until your employer's next open enrollment period. If you are the subscriber and do not provide the documentation, then none of your dependents will be enrolled.

Will I ever need to file a claim?

If you use an out-of-network provider who does not file on your behalf, you will need to mail originals of your medical bills for reimbursement to: MEDICAL CLAIMS, P.O. Box 5028, Troy, MI 48007-5028.

The itemized bill should contain the name, address, tax ID number, and NPI number of the provider; the name of the member receiving services; the date, diagnosis, and type of services the member received, and the charge for each type of service. Your claim will be processed in accordance with out-of-network benefits.

24/7 Nurse Advice Line

What should I do if I get sick or hurt after business hours or during the weekend?

If you have an illness, injury, or condition that occurs during an evening or weekend, you should call your PCP or plan doctor's office, or the Optima Health 24/7 Nurse Advice Line number **located on the back of your member ID card.**

Frequently Asked Questions

24/7 Nurse Advice Line, continued

When you call the 24/7 Nurse Advice Line, a registered nurse will ask you to describe your medical situation in as much detail as possible. Be sure to mention any other medical conditions you have, such as diabetes or hypertension.

Depending on the situation, you may be advised about appropriate home treatments, or advised to visit your plan doctor. If necessary, the nurse may direct you to an urgent care center or emergency department.

The nurses for our 24/7 Nurse Advice Line have training in emergency medicine, acute care, OB/GYN, and pediatric care. They are well prepared to answer your medical or behavioral health questions. However, since they are unable to access medical records, they cannot diagnose or medically treat conditions, order labs, write prescriptions, order home health services, or initiate hospital admissions or discharges.

Emergency Care

What should I do if I have an emergency?

In any life-threatening emergency, always go to the closest emergency department or call 911. If you received emergency care and are admitted, you or a family member should contact Optima Health within 48 hours (two business days), or as soon as medically possible. This enables Optima Health to arrange for appropriate follow-up care, if necessary. In this type of situation, care may be reviewed retrospectively to make sure it met the criteria for coverage of emergency/urgent care treatment.

How can I tell if it is an emergency?

An emergency is the sudden onset of a medical condition resulting in severe symptoms or pain that an average person with average knowledge of health and medicine (prudent layperson) would seek medical care immediately because there may be serious risk to your physical or mental health, or that of your unborn child. Some examples of situations that would require the use of an emergency

department include, but are not limited to:

- heart attack/severe chest pain
- stroke
- loss of consciousness
- loss of pulse or breathing
- poisoning
- convulsions

Optima Health may review all emergency department care retrospectively to determine if a medical emergency did exist. If an emergency did not exist, you could be responsible for payment for all services.

Frequently Asked Questions

Emergency Care, continued

What conditions generally do not require emergency department treatment?

The following conditions do not ordinarily require emergency department treatment, and may be more appropriately treated in your doctor's office, or at an urgent care center:

- sprains or strains
- chronic conditions such as arthritis, bursitis, or backaches
- minor injuries and puncture wounds of the skin

What is the difference between an Emergency Department and an Urgent Care Center?

An emergency department is designed, staffed, and equipped to treat life-threatening conditions. An urgent care center is a more appropriate place to seek treatment for sudden acute illness and minor injuries when your plan doctor's office is closed or not available. Copayments and coinsurance amounts for emergency department visits are generally higher than copayments for urgent care visits. If you are transferred to an emergency department from an urgent care center, you will be charged an emergency department copayment/coinsurance.

Do I need to contact Optima Health or my PCP before going to the emergency department/urgent care center?

If you are experiencing a life threatening emergency, you do not need to call Optima Health or your PCP, you can proceed to nearest Emergency Room. If you are unsure whether to visit an emergency department or urgent care center, you can call your PCP office or the Optima Health 24/7 Nurse Advice Line at the number on the back your member ID card.

Are there any special emergency care policies I should know about?

Yes. Optima Health may review all emergency care retrospectively, or after the fact, to determine if a true medical emergency did exist. This retrospective review policy is designed to protect you and all other Optima Health members from the high costs associated with unnecessary use of emergency departments and urgent care centers. If you handle nonemergencies as if they are emergencies by seeking treatment at an emergency department or urgent care center when a visit to your doctor's office would suffice, you could be responsible for paying a greater portion or all of the charges.

Frequently Asked Questions

Emergency Care, continued

What if I become ill when I am outside of the Optima Health service area?

Your plan includes coverage for emergency services when you are outside the service area. If you have an unexpected illness or injury when outside of the service area, you should call the 24/7 Nurse Advice Line at the number on the back of your member ID card.

In any life-threatening emergency always go to the closest emergency department or call 911.

Remember, Optima Health may review all emergency department care retrospectively, or after the fact, to determine if a medical emergency did exist. If an emergency did not exist, you could be responsible for payment for all services.

What if I need to be hospitalized?

If you received emergency care and are admitted, you or a family member should contact Optima Health within 48 hours (two business days) or as soon as medically possible. This enables Optima Health to review your care immediately and to arrange for appropriate follow-up care. Remember, all emergency care may be reviewed retrospectively to make sure it met the criteria for coverage of emergency/urgent care treatment.

If you are admitted to a hospital outside of the Optima Health service area, call member services or the 24/7 Nurse Advice Line at the number on the back your member ID card.

Be prepared to give the following information:

- member name
- reason for treatment
- hospital name
- city and state where treatment is occurring
- name of treating doctor

The doctor or hospital may also call Clinical Care Services.

What happens once I am admitted to the hospital?

As part of your Optima Health coverage, an RN case manager will follow your case from beginning to end. He or she will review your medical record, check your progress, and arrange for your continuing care needs after you leave the hospital.

Pre-Authorization

What is pre-authorization and when is it necessary?

Pre-authorization is a clinical review of all pertinent medical information to determine medical necessity and your Plan's benefit criteria for coverage. The provider of the service is responsible for obtaining pre-authorization, when it is required. Patient service coordinators, as well as licensed medical professionals such as RNs, LPNs, social workers, and medical doctors perform the process of pre-authorization by the plan.

Frequently Asked Questions

Pre-Authorization, continued

Medical services typically requiring pre-authorization include, but are not limited to: hospitalizations, outpatient surgeries, certain diagnostic tests, advanced imaging services (MRI, CT, PET), home health services, hospice, therapies (physical therapy, occupational therapy, speech therapy), rehabilitation services, certain durable medical equipment, prosthetics, skilled nursing facilities, certain injectable drugs, chemotherapy and radiation therapies, and scheduled ambulance transportation.

When you use your in-network benefits, your provider handles pre-authorization. Please keep in mind that this is a certification of medical necessity, not a guarantee of medical payment. Benefits are always paid according to your eligibility at the time of service and the provisions of Optima Health.

When you use your out-of-network benefits, you have a responsibility for seeing that your provider has obtained any required pre-authorization. The member should follow the plan's pre-authorization procedures and ensure that pre-authorization is obtained for medically necessary services when required.

Your provider can obtain pre-authorization by calling Medical Pre-Authorization at the number on the back of your member ID card and providing the following information:

- your member ID number
- the provider's full name, phone number, and fax number
- the diagnosis and/or procedure
- the plan of treatment
- other pertinent information such as X-rays and lab results

What happens if certain services are not pre-authorized?

If your plan provider's request for pre-authorization of a medical service is denied by the health plan, Optima Health will not pay for any cost associated with the requested service. If you wish to appeal the denial, you may call member services to initiate the appeal process. Please keep in mind that if you receive medical services that Optima Health has denied, you must pay all charges for the services.

If you believe the denial of pre-authorization will result in the loss of life, limb, or permanent injury, be sure to tell the representative at the time you request an appeal. In these situations, you may request an expedited appeal.

Do I need services pre-authorized if I have primary coverage under another health plan?

Your provider must still call the plan to verify pre-authorization requirements even if you have primary coverage under another insurance plan and have Optima Health as secondary insurance.

Frequently Asked Questions

Pre-Authorization, continued

Do I need pre-authorization to obtain access to an OB/GYN?

You do not need pre-authorization from Optima Health or from any other person in order to obtain access to obstetrical or gynecological care from a healthcare professional in our network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining pre-authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact member services at the number on the back of your member ID card or sign in to optimahealth.com/members.

How far in advance should my provider obtain pre-authorization?

Your provider should obtain elective pre-authorization at least 7–10 days, or as soon as you are aware, prior to the services being scheduled or provided.

How do I ensure pre-authorization has been obtained?

To ensure pre-authorization has been obtained, sign in at optimahealth.com/members or the Optima Health mobile app, contact member services at the number on the back of your member ID card, or call your provider.

What if I need to be hospitalized?

If you need to be hospitalized for an elective procedure, your plan doctor must notify Optima Health 7–10 business days prior to your admission. If you are hospitalized due to an emergency, you or a family member should contact Optima Health within 48 hours (two business days) of admission, or as soon as medically possible.

Utilization Management

How is utilization of healthcare services determined?

The Clinical Care Services Department at Optima Health may use any or all of the following procedures to determine your healthcare services coverage:

- pre-authorization
- concurrent review or request for an extension of previously approved services. Services include hospitalization, skilled nursing facility stays, therapies, rehabilitation, home health, and durable medical equipment
- retrospective review
- case management

Frequently Asked Questions

Utilization Management, continued

Optima Health staff (nurses and doctors) make coverage decisions based on medical judgment and evidence-based criteria and policies. Our staff does not receive incentives from Optima Health based on decisions regarding coverage.

How does Optima Health pay providers?

Optima Health uses a fee-for-service payment to reimburse doctors for the care they provide. Fee-for-service payment means doctors are paid for medical care each time it is delivered, whether it is for an office visit or another form of treatment. Usually, fee-for-service payments are at a discounted rate, which has been negotiated in advance. Doctors always have the right to discuss all medical care and treatment options with their patients.

What is the Optima Health Quality Improvement Program designed to do?

The Optima Health Quality Improvement Program provides a foundation for the development of programs and activities directed towards improving the health of our members. It is designed to implement, monitor, evaluate, and improve processes within the scope of the health plan. Several committees within the organization work on quality improvement (QI) issues, which includes Optima Health staff and plan providers, and may include representatives from other organizations. Each year, Optima Health develops a QI program and work plan that outlines our efforts to improve clinical care and service to our members. We identify areas for improving service by analyzing member complaint data and conducting an annual member satisfaction survey. If you would like a copy of the current QI program and work plan or information on other QI activities, please call 1-866-425-5257.

How does Optima Health evaluate and determine coverage for new medical technologies?

Since healthcare is constantly changing, the Optima Health team of health professionals is always researching and evaluating new medical technologies and applications of existing technologies by the following:

- reviewing current medical literature and research studies
- consulting with national technology firms
- researching clinical and national state/government guidelines
- consulting with members, local doctors, and other providers in the Optima Health network

Uniform Summary of Benefits and Coverage (SBC)

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-741-9910 or visit optimahealth.com and sign into the Member Portal. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary> or call 1-800-741-9910 to request a copy.

Important Questions	Answers	Why This Matters
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	No.	This plan covers items and services even if you haven't yet met the deductible amount.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services .
What is the out-of-pocket limit for this plan ?	For In- Network \$2,000 person / \$4,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See http://www.optimahealth.com or call 1-800-741-9910.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		In-Network (You will pay the least)	Out-of-Network (You will pay the most)	
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	\$10 copayment	Not covered	None.
	Specialist visit	\$20 copayment	Not covered	None.
	Preventive care/ screening/ immunization	No charge	Not covered	You may have to pay for services that aren't preventive . Ask your provider if the services you need are preventive . Then check what your plan will pay for.
If you have a test	Diagnostic test (x-ray, blood work)	\$20 copayment	Not covered	None.
	Imaging (CT/PET scans, MRIs)	\$150 copayment	Not covered	Pre-authorization required.
If you need drugs to treat your illness or condition More information about prescription drug coverage is available at optimahealth.com .	Preferred Generic Drugs (Tier 1)	\$15 copayment retail \$37.50 copayment mail order	Not covered retail Not covered mail order	Coverage is limited to FDA-approved prescription drugs . For specialty drugs, the out-of-pocket amount is limited to \$250 copayment per retail prescription and \$250 copayment per mail order prescription. If brand drugs are used when a generic is available, you must pay the difference in cost plus the copayment or coinsurance amount. One copayment or coinsurance amount covers up to a 30-day supply; two copayments or coinsurance amounts cover a 31- to 60-day supply; and three copayments or coinsurance amounts cover a 61- to 90-day supply (retail). Some outpatient prescription drugs in Tier 1, Tier 2, and Tier 3 are available in a 90-day supply through mail order. Tier 4 Specialty Drugs are only available from a
	Preferred Brand and Other Generic Drugs (Tier 2)	\$40 copayment retail \$100 copayment mail order	Not covered retail Not covered mail order	
	Non-Preferred Brand Drugs (Tier 3)	\$60 copayment retail \$180 copayment mail order	Not covered retail Not covered mail order	
	Specialty drugs (Tier 4)	20% coinsurance retail 20% coinsurance mail order	Not covered retail Not covered mail order

Excluded Services & Other Covered Services:

Services Your [Plan](#) Generally Does NOT Cover (Check your policy or plan document for more information and a list of any other [excluded services](#).)

- Acupuncture
- Bariatric Surgery
- Cosmetic Surgery
- Dental Care (Adult)
- Dental Care (Pediatric)
- Glasses
- Habilitative services
- Hearing aids
- Long-term care
- Non-emergency care when traveling outside the U.S.
- Private-duty nursing
- Routine eye care (Adult)
- Routine foot care
- Weight Loss Programs

Other Covered Services (Limitations may apply to these services. This isn't a complete list. Please see your [plan](#) document.)

- Chiropractic Care
- Infertility Treatment

Your Rights to Continue Coverage:

For more information on your rights to continue coverage, contact the plan at 1-800-741-9910. There are agencies that can help if you want to continue your coverage after it ends. The contact information for those agencies is: Virginia State Corporation Commission, Life & Health Division, Bureau of Insurance, at 1-877-310-6560 or bureauofinsurance@scc.virginia.gov; the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa/healthreform; or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or www.cciio.cms.gov. Other coverage options may be available to you too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596. Other coverage options may be available to you too, including buying individual insurance coverage through the Health Insurance [Marketplace](#). For more information about the [Marketplace](#), visit www.healthcare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights: There are agencies that can help if you have a complaint against your [plan](#) for a denial of a [claim](#). This complaint is called a [grievance](#) or [appeal](#). For more information about your rights, look at the explanation of benefits you will receive for that medical [claim](#). Your [plan](#) documents also provide complete information to submit a [claim](#), [appeal](#), or a [grievance](#) for any reason to your [plan](#). For more information about your rights, this notice, or assistance, contact: member services at the number on the back of your member ID card. You may also contact the Department of Labor's Employee Benefits Security Administration at 1-866-444-EBSA (3272) or www.dol.gov/ebsa/healthreform; or your state department of insurance at the Virginia State Corporation Commission, Life & Health Division, Bureau of Insurance, P.O.Box 1157, Richmond, VA, 23218, 1-877-310-6560 or bureauofinsurance@scc.virginia.gov.

Does this plan provide Minimum Essential Coverage? Yes

[Minimum Essential Coverage](#) generally includes [plans](#), [health insurance](#) available through the [Marketplace](#) or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for [Minimum Essential Coverage](#), you may not be eligible for the [premium tax credit](#).

* For more information about limitations and exceptions, see the plan or policy document at https://apps.optimahealth.com/Public/OHBRFileManager/DownloadFile.aspx?filePath=%2Fpresales%2F2022%2FEoccoi-For-SBC%2F2022_MMLGHMOEOC_O.pdf

Does this plan meet the Minimum Value Standards? Yes

If your [plan](#) doesn't meet the [Minimum Value Standards](#), you may be eligible for a [premium tax credit](#) to help you pay for a [plan](#) through the [Marketplace](#).

Language Access Services:

Spanish (Español): Para obtener asistencia en Español, llame al 1-855-687-6260.

Tagalog (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 1-855-687-6260.

Chinese (中文): 如果需要中文的帮助, 请拨打这个号码 1-855-687-6260.

Navajo (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwijigo holne' 1-855-687-6260.

—————To see examples of how this plan might cover costs for a sample medical situation, see the next page.—————

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this [plan](#) might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your [providers](#) charge, and many other factors. Focus on the [cost sharing](#) amounts ([deductibles](#), [copayments](#) and [coinsurance](#)) and [excluded services](#) under the [plan](#). Use this information to compare the portion of costs you might pay under different health [plans](#). Please note these coverage examples are based on self-only coverage.

Peg is Having a Baby
(9 months of in-network pre-natal care and a hospital delivery)

- The [plan's](#) overall [deductible](#) \$0
- [Specialist copayment](#) \$100
- Hospital (facility) [copayment](#) \$300
- Other [copayment](#) \$20

This EXAMPLE event includes services like:
 Specialist office visits (*prenatal care*)
 Childbirth/Delivery Professional Services
 Childbirth/Delivery Facility Services
 Diagnostic tests (*ultrasounds and blood work*)
 Specialist visit (*anesthesia*)

Total Example Cost \$12,700

In this example, Peg would pay:

Cost Sharing	
Deductibles	\$0
Copayments	\$1,000
Coinsurance	\$0
What isn't covered	
Limits or exclusions	\$60
The total Peg would pay is	\$1,060

Managing Joe's type 2 Diabetes
(a year of routine in-network care of a well-controlled condition)

- The [plan's](#) overall [deductible](#) \$0
- [Specialist copayment](#) \$10
- Hospital (facility) [copayment](#) \$300
- Other [copayment](#) \$20

This EXAMPLE event includes services like:
 Primary care physician office visits (*including disease education*)
 Diagnostic tests (*blood work*)
 Prescription drugs
 Durable medical equipment (*glucose meter*)

Total Example Cost \$5,600

In this example, Joe would pay:

Cost Sharing	
Deductibles	\$0
Copayments	\$900
Coinsurance	\$0
What isn't covered	
Limits or exclusions	\$20
The total Joe would pay is	\$920

Mia's Simple Fracture
(in-network emergency room visit and follow up care)

- The [plan's](#) overall [deductible](#) \$0
- [Specialist copayment](#) \$20
- Hospital (facility) [copayment](#) \$200
- Other [copayment](#) \$25

This EXAMPLE event includes services like:
 Emergency room care (*including medical supplies*)
 Diagnostic test (*x-ray*)
 Durable medical equipment (*crutches*)
 Rehabilitation services (*physical therapy*)

Total Example Cost \$2,800

In this example, Mia would pay:

Cost Sharing	
Deductibles	\$0
Copayments	\$700
Coinsurance	\$70
What isn't covered	
Limits or exclusions	\$0
The total Mia would pay is	\$770

Benefit Information

Benefit Information

Large Group Plans

Optima Health

Benefit Changes

The following changes apply to ODU Research Foundation renewing July 1, 2022

All Plans

The **day supply limits** for retail prescription drugs have been changed from 31 days to 30 days. Members will pay one copayment or applicable coinsurance per 30-day supply. Mail order will continue to offer up to a 90-day supply on tiers 1-3.

For **non-HSA plans** (non-Equity plans), the **Continuous Glucose Monitors, Sensors, and Supplies (CGM)** will now be covered under the pharmacy benefit, per the applicable tier cost share amount. Pre-authorization may apply.

All pharmacy tier-naming conventions have been changed from “**Selected**” to “**Preferred**.” This is a language clarification, not a benefit change.

Optima Vantage 10/20
ODU Research Foundation
Plan Effective Date: 7/01/2022
Optima Health Plan
Large Group Benefit Summary

This Benefit Summary is not a contract or health plan policy from Optima Health. If there are any differences between this document and the Optima Health coverage documents issued when You are enrolled, the provisions of the coverage documents will prevail for all benefits, conditions, cost sharing, and limitations and exclusions.

This document is an overview of Your Covered Services and Your out-of-pocket cost sharing amounts including any Deductibles, Copayment and Coinsurance. You or Your means the Subscriber and each family member who is a Covered Person under the Plan. Details about Covered Services are in the section "What is Covered." Details about services and treatments that are not covered are in the section "What is Not Covered."

Some benefits require Pre-Authorization before You receive them. These services are marked with an * in this document.

Some Covered Services may have visit limits. Once a visit limit is reached, no additional services are covered under the benefit. If a service is shown as covered under Out-of-Network benefits visit limits are combined with In-Network and Out-of-Network benefits unless otherwise stated.

Services or treatment You receive Out-of-Network or from Non-Plan Providers will not be covered under Your Plan unless:

1. The Covered Service is an Emergency Service;
2. During treatment at an In-Network hospital or other In-Network facility You receive Covered Services from a Non-Plan Provider; or
3. We have approved Your Covered Service in advance as an Authorized Out-of-Network Service.

If Your Plan has a Deductible that is the dollar amount that must be paid out-of-pocket by a Member for Covered Services each year before the Plan begins to pay for benefits.

Copayments and Coinsurances listed in this document are amounts You pay directly to a Provider for a Covered Service. Copayments are shown as flat dollar amounts. Coinsurance is shown as a percentage of the Plan's Allowable Charge for Your Covered Service. You will pay a Copayment or a Coinsurance, but not both, for a Covered Service. For some benefits you may see the statement, "Cost sharing determined by the type and place of service." For these services Your cost sharing will be based on where You receive a service, for example in a physician office or inpatient setting, and/or the type of service.

Your Plan's Maximum Out-of-Pocket Amount means the total dollar amount Members pay, or that are paid on their behalf, out-of-pocket for most Covered Services during a year. Deductibles, Copayments and Coinsurance for most Covered Services count toward the Maximum Amount.

Deductible and Maximum Out-of-Pocket Amount (MOOP)		
	In-Network	Out-of-Network
Deductible Plan Year	Your Plan Does Not Have a Deductible	Not Covered
<p>Amounts You Pay for most In-Network Covered Services will count toward meeting the In-Network Deductible. The Deductible applies to all Covered Services except for:</p> <ul style="list-style-type: none"> • In-Network Preventive Care Services required by law; • Other services in this document shown as Covered without a Deductible. <p>If You are the Subscriber, and the only Member Covered under Your Plan, the Individual Deductible amount applies. If You have other Family Members on Your Plan the Family Deductible amount applies. The Plan has an embedded Individual Deductible within the Family Deductible. If one Family Member meets the Individual Deductible his or her benefits will begin. Once the total Family coverage Deductible is met benefits are available for all family Members. No one Member can contribute more than their Individual Deductible amount to the Family Deductible. Copayment or Coinsurance amounts a Member pays for services shown as covered without a Deductible will not count toward meeting the Individual or Family Deductible.</p>		

Deductible and Maximum Out-of-Pocket Amount (MOOP)		
	In-Network	Out-of-Network
Maximum Out of Pocket Plan Year	\$2,000/Individual; \$4,000/Family	Not Covered
<p>Most amounts You pay, or that are paid on Your behalf, for In-Network Covered Services will count toward meeting the In-Network Maximum Out of Pocket Amount.</p> <p>The following will not count toward any Plan Maximum Amount:</p> <ul style="list-style-type: none"> • Amounts You pay for services not covered under Your Plan; • Amounts You pay for any services after a benefit limit has been reached; • Balance billing amounts that are more than the Plan's Allowable Charge for a Covered Service from Non-Plan Providers; • Premium amounts; • Copayments, Coinsurance, or Deductibles for Covered Services that are not Essential Health Benefits; • Ancillary charges which result from a request for a brand name outpatient prescription drug when a Generic Drug is available; • Other services in this document that are shown as excluded from the Maximum Amount. <p>If You are the Subscriber, and the only Member covered under Your Plan, the Individual Maximum applies. If You have other Family Members on Your Plan the Family Maximum applies. Under Family coverage, the Individual Maximum applies separately to each Covered Family Member. Once the total Family Coverage Maximum is met the Family Maximum Amount is satisfied. No one Member can contribute more than their Individual Maximum Amount to the Family limit.</p>		

Benefit	In-Network	Out-of-Network
Physician Office Visits		
<p>Your Copayment or Coinsurance applies to Covered Services done during an office visit. You will pay an additional Copayment or Coinsurance for outpatient therapies and services, injectable and infused medications, allergy care, testing and serum, outpatient advanced imaging procedures, and sleep studies done during an office visit. Virtual Consults must be provided by Optima Health approved providers. *Pre-Authorization is required for in-office surgery.</p>		
Primary Care Visit	You Pay \$10	Not Covered

Prescription Drugs LG_0D_15_40_60_20%

This document describes Your Plan's outpatient prescription drug coverage. All drugs must be United States Food and Drug Administration (FDA) approved, and You must have a prescription. You will need to pay Your Copayment or Coinsurance when You fill your prescription at the pharmacy. If Your Plan has a Deductible, You must meet that amount before Your coverage begins. Some drugs require Pre-Authorization by Your Physician, and some quantities may be limited.

Details about Covered Services are in the section "What is Covered". Details about services and treatments that are not covered are in the section "What is Not Covered."

Prescriptions may be filled at a participating, In-Network Plan pharmacy or at a non-participating pharmacy or its intermediary if the non-participating pharmacy or its intermediary has agreed in writing to accept as payment in full reimbursement from the Plan or its Pharmacy Benefit Manager, including any Copayment or Coinsurance consistently imposed by the Plan or its Pharmacy Benefit Manager, at the same level as the Plan or its Pharmacy Benefit Manager gives to participating pharmacies.

Our formulary is a list of FDA-approved medications that we cover. Prescription drugs are reviewed by the Plan's Pharmacy and Therapeutics Committee for placement onto the formulary. For a single Copayment or Coinsurance charge, You may receive up to a consecutive 30-day supply of a covered drug at a retail pharmacy. Some drugs may be available under the Plan's mail order pharmacy. Specialty Drugs are available up to a 30-day supply and can be delivered to Your home address from Optima Health specialty mail order drug pharmacy.

This formulary is organized into the following tiers, which determine what You pay out-of-pocket to fill a prescription:

Preferred Generic Drugs (Tier 1) includes commonly prescribed Generic Drugs. Other drugs may be included in Tier 1 if the Plan recognizes they show documented long-term decreases in illness.

Preferred Brand & Other Generic Drugs (Tier 2) includes brand-name drugs and some Generic Drugs with higher costs than Tier 1 Generic Drugs that are considered by the Plan to be standard therapy.

Non-Preferred Brand Drugs (Tier 3) includes brand name drugs not included by the Plan on Tier 1 or Tier 2. These may include single source brand name drugs that do not have a Generic Product Level equivalent or a therapeutic equivalent. Drugs on this tier may be higher in cost than equivalent drugs, or drugs determined to be no more effective than equivalent drugs on lower tiers.

Specialty Drugs (Tier 4) includes those drugs classified by the Plan as Specialty Drugs. Specialty Drugs have unique uses and are generally prescribed for people with complex or ongoing medical conditions. Specialty Drugs include the following:

1. Medications that treat certain patient populations including those with rare diseases;
2. Medications that require close medical and pharmacy management and monitoring;
3. Medications that require special handling and/or storage;
4. Medications derived from biotechnology and/or blood derived drugs or small molecules;
5. Medications that can be delivered via injection, infusion, inhalation, or oral administration; and
6. Medications subject to restricted distribution by the U.S. Food and Drug Administration.

Specialty Drugs are only available through an Optima Health specialty mail order pharmacy, including Proprium Pharmacy at 1-855-553-3568. Specialty Drugs will be delivered to Your home address. If You have a question or need to find out if Your drug is considered a Specialty Drug, please call Pharmacy Member Services at the number on Your Optima Health ID Card. You can also log onto optimahealth.com for a list of Specialty Drugs and specialty pharmacies.

Tier 4 also includes compound prescription medications. A compound prescription medication is used to meet the needs of a specific individual and must have at least one ingredient requiring a Physician's authorization by State or Federal Law.

Refills

Your Plan has refill limitations. You must use most of Your medication or about 75% of Your medication based on the day supply of Your prescription before You can get a refill. There are several ways to refill Your prescription. In most cases contact the retail, mail order, or specialty pharmacy where You originally filled Your prescription and request a refill. Sometimes Your doctor will prescribe a set amount of refills for Your prescription. If You have run out of refills You will need a new prescription from Your doctor. In some cases Your pharmacist may be able to call Your doctor to get more refills for You.

Deductibles, Maximum Out of Pocket Amount (MOOP), and Benefits	
Deductibles	Your Plan does not have a Deductible
Maximum Out-of-Pocket Amount	<p>Outpatient Prescription Drug Deductibles, Copayments or Coinsurance apply to the Plan's Maximum Medical Out-of-Pocket Limit.</p> <p>Ancillary charges which result from a request for a brand name outpatient prescription drug when a Generic Drug is available are not Covered, do not count toward the Plan's Maximum Out-of-Pocket Amount and must continue to be paid after the Maximum Out-of-Pocket Amount has been met.</p>
Insulin, and Needles and Syringes for Injection	<p>You pay the cost sharing for the applicable Tier.</p> <p>A Member's cost sharing payment for a covered insulin drug will not exceed \$50 per 30-day supply per prescription, regardless of the amount or type of insulin needed to fill each prescription. Deductible does not apply.</p>
Diabetic Testing Supplies, including test strips, lancets, lancet devices, blood glucose monitors, and control solution	<p style="text-align: center;">No Charge</p> <p>Members can pick up supplies at any network pharmacy. LifeScan products will be the preferred brand. However, the Plan reserves the right to change or add additional preferred brands. Members that request other brand name supplies will pay the applicable cost share depending on the Tier.</p> <p>*Pre-Authorization is required for talking blood glucose meters.</p>
Continual Glucose Monitors, Sensors, and Supplies	You pay the cost sharing for the applicable Tier.
Formulary	<p>This Plan has a closed formulary and covers a specific list of drugs and medications. If Your drug is not on Our formulary, We have a process in place to request coverage. Please use the following link to see a list of drugs on the Plan's formulary: optimahealth.com/documents/drug-lists/form-doc-drug-list-standard-formulary.pdf.</p> <p>If a brand-name medication is dispensed instead of a generic equivalent, You must pay the cost difference between the dispensed brand-name drug and the generic drug in addition to the Copayment or Coinsurance charge, unless authorized by the Plan.</p>

Retail Pharmacy Cost Sharing

When You pick up Your drug at a retail pharmacy You will pay the Copayment (one Copayment for each 30-day supply) or the Coinsurance amount listed under the applicable Tier for Your drug:

- You pay one Copayment or the Coinsurance for up to a 30-day supply,
- You pay two Copayments or the Coinsurance for a 31 to 60-day supply,
- You pay three Copayments or the Coinsurance for a 61 to 90-day supply.

Tier 4 Specialty Drugs are only available from an Optima Health Specialty Pharmacy including Proprium Pharmacy and are limited to a 30-day supply.

<p>ACA Preventive Drugs ACA preventive prescription drugs and over-the-counter items identified as an A or B recommendation by the United States Preventive Services Task Force. Please use this link for a list of covered preventive care services: healthcare.gov/what-are-my-preventive-care-benefits/.</p>	<p style="text-align: center;">No Charge. Deductible does not apply. Covered Food and Drug Administration (FDA) approved tobacco cessation medications (including both prescription and over the counter medications) are Limited to two 90-day courses of treatment per year when prescribed by a health care provider.</p>
<p style="text-align: center;">Preferred Generic Drugs Tier 1</p>	<p style="text-align: center;">You Pay \$15</p>
<p style="text-align: center;">Preferred Brand & Other Generic Drugs Tier 2</p>	<p style="text-align: center;">You Pay \$40</p>
<p style="text-align: center;">Non-Preferred Brand Drugs Tier 3</p>	<p style="text-align: center;">You Pay \$60</p>
<p style="text-align: center;">Specialty Drugs Tier 4</p>	<p style="text-align: center;">You Pay 20% up to a maximum Copayment of \$250</p>

Copayment and Coinsurance Mail Order (If Your Drug is available) for up to a 90-day supply

Some Outpatient prescription drugs in Tier 1, Tier 2, and Tier 3 are available from the Plan's Mail Order Pharmacy OptumRx Home Delivery. You may call OptumRx Home Delivery at 1-866-244-9113 to find out if Your drug is available. Tier 4 Specialty Drugs are only available from an Optima Health Specialty Pharmacy including Proprium Pharmacy and are limited to a 30-day supply.

<p>ACA Preventive Drugs ACA preventive prescription drugs and over-the-counter items identified as an A or B recommendation by the United States Preventive Services Task Force. Please use this link for a list of covered preventive care services: healthcare.gov/what-are-my-preventive-care-benefits/.</p>	<p>No Charge. Deductible does not apply. Covered Food and Drug Administration (FDA) approved tobacco cessation medications (including both prescription and over the counter medications) are Limited to two 90-day courses of treatment per year when prescribed by a health care provider.</p>
<p>Preferred Generic Drugs Tier 1</p>	<p>You Pay \$37.50</p>
<p>Preferred Brand & Other Generic Drugs Tier 2</p>	<p>You Pay \$100</p>
<p>Non-Preferred Brand Drugs Tier 3</p>	<p>You Pay \$180</p>
<p>Specialty Drugs Tier 4</p>	<p>Tier 4 Specialty Drugs are only available from an Optima Health Specialty Pharmacy including Proprium Pharmacy and are limited to a 30-day supply.</p>

Pharmacy Information

Pharmacy

Frequently Asked Questions

Optima Health pharmacy benefits will only apply if your employer group offers pharmacy that is administered by Optima Health. If you are unsure whether your pharmacy benefits are administered by Optima Health, you can refer to your plan documents, call member services at the number on the back of your member ID card, or ask your employer.

How will my prescription drugs be covered under Optima Health?

Optima Health uses a prescription drug formulary. The formulary is a list of drugs that are covered under your plan. Most Optima Health plans have a four (4) tier formulary. The tier your drug is placed in will determine your copayment or coinsurance amount. To view the formulary or calculate drug costs, sign in to optimahealth.com/members or the Optima Health mobile app and select Pharmacy Resources.

Some drugs require pre-authorization by Optima Health in order to be covered. Your prescribing provider is responsible for initiating pre-authorization. You should also check your plan documents to see what medications may be excluded from coverage. Optima Health may also establish monthly quantity limits for selected medications.

Specialty drugs may only be available through specialty pharmacies. You can check the Optima Health website or the Optima Health mobile app for a listing of specialty medications.

How does Optima Health determine my prescription drug tier?

Optima Health has a Pharmacy and Therapeutics Committee, which is composed of doctors and pharmacists. The committee reviews all drugs, including generics, for efficacy, safety, overall disease factors, and lastly, cost. Drugs are placed in tiers based on their review and recommendation. Most generic drugs usually fall into the Preferred Generic Drugs tier (tier 1); more expensive generic drugs will be available in Preferred Brand and Other Generic Drugs tier (tier 2).

Frequently Asked Questions

How much will I have to pay out-of-pocket for my prescription drug?

Your deductibles, copayments, or coinsurance amounts that may apply to your pharmacy cost are outlined in your plan benefit documents. You must pay your applicable copayment/coinsurance when you pick up your drug from the retail pharmacy. If your plan includes benefits for mail order prescription drugs, you may be able to get certain maintenance drugs by your Plan's network mail order pharmacy for lower out-of-pocket costs.

Is it possible that I would ever pay less than my copayment/coinsurance for a prescription?

Yes. If the pharmacy's usual and customary cost is less than your copayment/coinsurance, you will pay the lesser amount. In order to maximize your pharmacy benefit, be sure to present your Optima Health member ID card whenever you have a prescription filled. This is important whether the prescription is for a brand or a generic drug because the cost of many drugs can be less than your copayment. Some pharmacies advertise a \$4 drug list; however, that may not be the lowest price for you. For some drugs, the actual cost of the drug with your Optima Health member ID card may be less than the advertised \$4 generic program.

Are there any restrictions on filling my prescriptions?

There are several things to keep in mind before having your prescriptions filled:

- Registered members of [optimahealth.com](https://optimahealth.com/members) can locate a participating pharmacy by signing in to optimahealth.com/members or the Optima Health mobile app and selecting Pharmacy Resources.
- If you choose to have your prescription filled at a non-participating pharmacy, you will have to pay the full cost of the prescription upfront and file for reimbursement from Optima Health. You will be responsible for paying all charges in excess of the Optima Health allowable charge, in addition to any copayment, deductible, or coinsurance amounts specified in your plan documents.
- Some drugs require pre-authorization by Optima Health in order to be covered. Your prescribing provider is responsible for initiating pre-authorization.
- Optima Health may limit quantities of certain medications.
- If you or your prescribing provider requests a brand medication when a generic equivalent is available; you may be responsible for the difference in the cost between the generic and the brand name drug in addition to your copayment/coinsurance and/or deductible.

As a registered member of optimahealth.com/members or the Optima Health mobile app, you can:

- calculate the cost for a specific drug or see which copayment applies
- see if your drug has a generic equivalent
- view the status of your pharmacy claims
- learn about drugs that can treat your condition
- view your deductibles and out-of-pocket maximums (if applicable)
- locate and get directions to participating pharmacies
- use the Drug Information Center to learn about dosage, strength, side effects, and potential drug interactions

Fill your prescriptions with home delivery

How it works.

1. Order up to a three-month supply of your maintenance medications — ones you take regularly — by mail, phone or online.
2. OptumRx® fills your order, mails it to you and lets you know when to expect your delivery.
3. Your medication arrives within 7 to 10 days of placing the order. OptumRx will notify you if there will be a delay in your order.

Four easy ways to enroll:

Online.

Log in to the website on the back of your member ID card.

Phone.

Call the toll-free number on the back of your member ID card.

Mail.

Complete the attached order form and mail it to

OptumRx, P.O. Box 2975, Mission, KS 66201.

ePrescribe.

Or your doctor can send an electronic prescription to OptumRx.

Manage your medication home delivery on the go.

Order and track your prescriptions online or with our app.

The benefits of home delivery.

Your medication is delivered right to your mailbox, saving you a trip to the pharmacy.

Your maintenance medication could cost less.

Pay nothing for standard shipping.

Phone, text¹ and email reminders help you remember every dose and every refill.

¹ OptumRx provides this service at no additional cost. Standard message and data rates charged by your carrier may apply.

Frequently Asked Questions

Why should I use OptumRx® for my prescriptions?

Home delivery from OptumRx is a convenient and cost-effective way for you to order up to a 90-day supply of maintenance or long-term medication for delivery to your home, office or location of your choosing. You will minimize trips to the pharmacy and save money on your prescriptions.

What is a maintenance medicine?

A maintenance medicine is taken on a regular basis for long-term conditions such as arthritis, diabetes, high blood pressure, ulcers and many others. You can save money on these medicines by filling a 90-day supply and using your OptumRx home delivery pharmacy benefit.

How do I use home delivery?

1. Have your doctor write your prescription for the number of days your plan allows for home delivery (for example, 90 days). Note: If you need your medicine right away, ask your doctor to write two prescriptions. Fill the first one at your local drug store. Mail the second one to OptumRx.
2. Fill out an order form. This form includes a confidential patient profile section for you and any family members. Write the member identification number, patient name and patient date of birth on the back of each prescription.
3. Mail the form with the prescription(s) and co-payment to:
OptumRx, PO Box 2975 Shawnee Mission, KS 66201-1375
4. We will ship orders to the address entered on the form.
5. Check your order upon receipt. Make sure you review your order within 21 days of receipt. Contact us immediately to report any issues. Member service representatives and clinical pharmacists are available to discuss any questions at our toll-free number that is located on the back of your prescription ID card.

How do I refill a prescription I have already received through OptumRx?

Do one of the following:

Visit our website: optimahealth.com/members.

Call OptumRx toll-free: 1-866-244-9113.

Send in the refill slip that came with your previous order. Be sure to include your co-payment. Mail it to OptumRx.

Frequently Asked Questions

How do I fill a new prescription?

- Fill out an order form. Write the member ID number, patient name and patient date of birth on the back of each prescription.
- Mail the form to OptumRx. Include the prescription(s) and payment information.

How can my doctor order a prescription for me?

- Doctors may call our toll-free number to prescribe your medication(s).
- Doctors may fax prescriptions to 1-888-637-5191.
- In addition to prescription information, your doctor must provide member ID number, patient name and patient date of birth.

Note: To be legally valid, the fax must originate from the physician's office. All state laws apply.

Timing and shipping

When will I receive my order?

You should receive your order within 14 days from the time OptumRx receives your prescription. Once received, a prescription typically takes one to two days to be processed and mailed if no additional information is required. Please allow a few extra days for your first order. If you have questions or do not receive your order within 14 days, please check the website at optimahealth.com/members or contact us at **1-866-244-9113**.

What situations may cause a delay in prescription processing?

Situations that may create a delay include an incomplete or unreadable prescription, manufacturer backorders and medications that require prior authorization. We will notify you if there will be a delay with your prescription shipment. Your prescriptions ship in separate packages if necessary.

Note: Orders received without payment may cause processing delays and extended delivery times.

Am I charged for shipping?

No, shipping is free. However, OptumRx also offers expedited shipping for an extra charge.

How can I check on the status of my prescription order?

Visit optimahealth.com/members or call us at **1-866-244-9113**. Plan members who create an account on optimahealth.com/members will receive email notification when a prescription is shipped.

Frequently Asked Questions

If I pay for rush shipping, when will it arrive?

Rush shipping reduces the time in transit only. The actual prescription processing time does not change and can vary due to quality checks we perform or exceptions that may arise. Possible exceptions include needing additional information from your doctor, prior authorizations or drug interactions. These steps promote the health and safety of plan members and provide the highest level of quality when processing your prescriptions.

Why am I receiving overnight shipping when I did not request it?

We ship certain medications overnight at our expense due to special handling requirements. This may apply to prescriptions for controlled substances or medications that are temperature sensitive.

What happens if I don't receive my order?

If you do not receive your order within 14 days, please contact us toll-free. We will reship your order to you as it is our priority to ensure you have the medication you need.

Prescription refills

How do I know whether I have refills remaining on my prescription?

The number of refills allowed is noted at the bottom of your medication label, on your refill form and can also be found on the [optimahealth.com/members](https://www.optimahealth.com/members) website.

How soon can I order a prescription refill?

For most prescriptions, you may reorder when you have approximately 3 weeks of your prescription left. Your medication label includes a target date for refilling the prescription.

- When ordering refills from OptumRx using the automated phone system, you will receive a message if your prescription is "too soon to refill." You will be given the date when refills will be available.
- If you place a refill order after the expiration of your prescription, or if no refills are remaining, we will contact your physician for a new prescription. This may cause a slight delay.

I have a prescription on file at a retail pharmacy; can I order refills from OptumRx?

Yes, however a new prescription from your doctor is recommended.

Medication coverage and cost

What drugs are covered?

Your plan decides which medications are covered through OptumRx. To verify coverage please go to [optimahealth.com/members](https://www.optimahealth.com/members), or call our toll-free number.

Frequently Asked Questions

How much will my medicine cost me?

The easiest way to determine the cost of your prescription is to log in to optimahealth.com/members.

How can I pay for my home delivery prescriptions?

Checks, money orders or major credit cards can be used to cover your co-payments. Credit cards are preferred to allow for variations in the prices of drugs and are required when placing an order through our website. For your convenience, your credit card number will be maintained on a secured site for future orders.

Miscellaneous

How do I obtain additional order forms?

You can print order forms at optimahealth.com/members. You also receive a reorder form, refill form and pre-addressed envelope with each prescription mailed to you.

Can I speak with a pharmacist if I use OptumRx home delivery?

Yes, pharmacists are available to answer questions regarding your medication at **1-866-244-9113**.

Can I fax my prescription that I received from my doctor?

No. Legally, OptumRx is only allowed to accept faxed prescriptions from your doctor's office.

Is my information kept private?

Yes. We ask you for some personal information and we keep this information completely private. We use this information to help make sure you get the best care possible.

Why did I receive less than a 90-day supply of my prescription?

The most common reason is that your doctor may have only written the prescription for 30 days or a prepackaged medication may not be packaged as a 30-, 60- or 90-day supply. Remember to ask your doctor to write a prescription for up to a 90-day supply, with up to three refills, if your doctor determines it's appropriate.

What is a "controlled" medicine?

A controlled medicine, such as a narcotic, has stricter guidelines and may be handled differently than non-controlled medicines, such as a medication for diabetes. We adhere to federal and state laws in the dispensing of all medicines. State law may require a copy of a state-issued ID, such as a driver's license, for controlled medications to be dispensed.

Call OptumRx home delivery toll-free: **1-866-244-9113**

Frequently Asked Questions

What is a specialty pharmacy?

Specialty pharmacies handle high-cost medications for complex health conditions. These medications often require special handling, disposal, and/or monitoring. Pharmacy team members help to identify and remove barriers so patients are able to take their medications and thus improve their quality of life.

What services does Proprium Pharmacy provide?

- a live answer by a team member every time you call during business hours
- support with insurance issues and financial assistance program enrollment
- refill reminder calls/text messages to help you refill your medications on time
- Patient Management Program: personalized care for every patient. We will work with you and your healthcare providers to develop a care plan based upon your individual health conditions.

What are some of the potential benefits of working with Proprium Pharmacy's patient management program ?

- better understanding of your condition and prescribed medication regimen
- improved ability to take your medications as ordered by your doctor
- assistance with side effect management
- improvement in quality of life and overall health

What are some of the potential limitations of working with Proprium Pharmacy's patient management program ?

The program is intended to aid patients in managing their health conditions and is not intended as a cure.

How much will my medications cost?

Medication costs vary based upon a patient's insurance plan and the medication prescribed. We will be able to determine your out of pocket costs such as deductibles, copayments and coinsurance as soon as we have processed the claim with the insurance company. We will ensure you are aware of your financial responsibility before sending the medication to you.

Frequently Asked Questions

Proprium P H A R M A C Y

What if my insurance company doesn't cover my medications or I cannot afford the copayment and/or coinsurance?

We have patient care advocates who are dedicated to working with your physician and insurance company to obtain coverage for your medications wherever possible. These patient care advocates also perform a thorough investigation and eligibility review of available patient financial assistance programs with the goal of lowering your cost as much as possible.

What if Proprium Pharmacy is not a preferred provider for my insurance?

If Proprium Pharmacy is considered out-of-network by your insurance, our patient care advocates will consult with your insurance company to determine what the cost difference is for you to use our pharmacy versus an in-network pharmacy. We will provide our costs to you in writing and will work with you to determine the best avenue for you to obtain your medication.

Does Proprium Pharmacy have access to all specialty medications?

Proprium Pharmacy has access to most specialty medications. However, in the event we do not have access to your medication, we will transfer your prescription to a pharmacy that can provide the medication and we will contact you to let you know where your medication has been transferred.

Will Proprium Pharmacy ever substitute my brand name medication with a generic version?

According to the FDA, an approved generic drug is the same as a brand-name drug in dosage, safety, strength, quality, performance, and intended use; and can be safely substituted. Proprium Pharmacy will substitute for the generic alternative unless your doctor indicates the brand product is medically necessary. Your insurance may charge a higher copayment in these circumstances.

How do I pay for my medications?

You can pay for your medications using any major credit card or debit card. We also accept both Health Savings Account (HSA) and flexible spending account (FSA) cards.

How do I receive my medications?

Your medications will be shipped to your home, work, or physician's office via a local or national courier service. Confidential packaging is used to ensure protection of your privacy.

What is the cost for delivery?

Nothing—the pharmacy will deliver your medication at no charge. Certain circumstances may require a re-delivery fee.

Frequently Asked Questions

Proprium P H A R M A C Y

How do I refill my medication?

One of our staff members will contact you approximately seven days prior to your refill due date to coordinate the delivery of your medications and needed supplies. These calls/texts are designed to serve as a reminder to refill your medications on time. If you don't hear from us and are due for your refill, please call 757-553-3568 or toll-free 1-855-553-3568.

How will I know if my medication is recalled and what should I do?

Proprium Pharmacy receives alerts when a medication is recalled and we follow the provided recommendations from the FDA. We will reach out to you if you have received an affected product that requires action. Please call us if you have any questions regarding a recalled product.

How will I know if my order is delayed?

Meeting our promised delivery times is a top priority for Proprium Pharmacy. However, if an unforeseen delay occurs, we will contact you as soon as we learn of the delay to discuss the circumstances and will work with you to make new arrangements. If you don't receive your order as expected, please let us know as soon as possible.

What should I do if I am experiencing side effects to my medication?

Call 911 immediately if you believe your symptoms are life threatening. Otherwise, please contact the pharmacy at 757-553-3568 or toll-free at 1-855-553-3568 any time of day and one of our pharmacists will help guide you.

How can I inquire about my order's status?

Please contact the pharmacy at 757-553-3568 or toll-free at 1-855-553-3568 and we can inform you of your order status.

Can I communicate with you by TTY or other assistive telephone device?

Absolutely. We utilize Virginia Relay (dial 7-1-1) to assist us with communication with patients who require these services. You may also designate a caregiver or family member to speak with us if you prefer.

Behavioral Health Information

Behavioral
Health

Mental/Behavioral Health and Substance Use Disorder Services

Inpatient services and outpatient office visits for the treatment of mental health and substance use disorders are covered as medical benefits.

Pre-Authorization is required for inpatient services, partial hospitalization services, intensive outpatient program (IOP) services, Transcranial Magnetic Stimulation (TMS), and electro-convulsive therapy.

How to receive services

- call Optima Behavioral Health at 1-800-648-8420 to be directed to a participating behavioral health provider. It is not necessary to go through your primary care physician
- contact a participating behavioral health provider directly to arrange for an initial authorization

If hospitalization is required, the behavioral health provider will arrange for admission to the appropriate facility.

Emergency services

If currently in treatment, contact the attending behavioral health provider.

If not currently receiving care, call Optima Behavioral Health at 1-800-648-8420, and arrangements will be made for the member to be seen by a behavioral health professional. In order to ensure a prompt response to any clinical emergency, a 24-hour crisis hotline is available after normal business hours, on weekends, and on holidays.

If any member is engaged in behaviors that pose an immediate danger to themselves or to the life of another, please call 911 or go directly to an Emergency Department facility.

Exclusions

Non-medical ancillary services are not covered. These may include, but are not limited to: vocational rehabilitation services, employment counseling, health education, expressive therapies, or other non-medical services. Residential or sub-acute level of care or treatment is not covered by the Plan.

The member is responsible for all applicable copayments, coinsurances, and any deductibles depending on the type and place of service as listed on the Summary of Benefits.

Members should refer to Plan documents for Plan copayments, coinsurances, deductibles, and maximum out-of-pocket amounts, in addition to coverage exclusions and limitations.

Additional Information

Current members with questions regarding benefits may call member sServices at the number on the back of their member ID card or visit optimahealth.com to view Plan documents and find network physicians.

If you are considering enrolling for the first time and have questions, please contact the group's Benefits Administrator.

A telecommunications device for the hearing impaired can be accessed by dialing 1-800-828-1140 or 711.

Optima Health is the trade name of Optima Health Plan, Optima Health Insurance Company, and Sentara Health Plans, Inc. Optima Vantage HMO plans are underwritten by Optima Health Plan. Optima Preferred Provider Organization products are underwritten by Optima Health Insurance Company. Self-funded employer benefit plans are administered by Sentara Health Plans, Inc. All Optima Health plans have benefit exclusions and limitations and terms under which the policy may be continued in force or discontinued. For costs and complete details of coverage please call your broker or Optima Health at 1-800-741-4825 or visit optimahealth.com.

Optima Employee Assistance Program (EAP)

Optima EAP (Employee Assistance Program) provides short-term, solution-focused counseling services through professional, caring counselors. You can confidentially turn to Optima EAP even before an issue or concern severely impacts your home life or work performance.

Simply call 1-800-899-8174 or visit [OptimaEAP.com](https://www.optimaEAP.com) to get started.

Our services are sponsored by your employer, meaning there is no cost to you or your household members.

Whether you're trying to support a family member, improve a relationship, find tools to manage stress, handle conflict with a coworker or an employee, or make other positive changes in your life, **Optima EAP is here to help**. With our resources, you can learn how to:

- manage stress or anger
- improve family dynamics
- address substance use/dependency
- deal with grief and loss
- build resilience
- balance work and life obligations like working and taking care of a sick loved one

Counseling Services

Call 1-800-899-8174 to schedule an in-person or virtual counseling appointment with a counselor near you. Confidentiality is an important component of our program. Discussions with our counselors are protected by strict Protected Health Information (PHI) privacy laws. Optima EAP will not share any PHI, either in written or verbal form, unless required by law or if you give prior consent.

Online Resources

Visit [OptimaEAP.com](https://www.optimaEAP.com) for inspirational posts, web-based training, self-tests, and questionnaires. We also have fast facts and informational articles on topics such as child development and parenting, financial issues, depression, and much more.

You and your household members can receive up to five (5) in-person or virtual counseling sessions per presenting issue.

Frequently Asked Questions

What can I expect when I call Optima EAP?

Our friendly and helpful Intake Coordinators will ask for basic information, such as your name and the name of your employer. They will then assist you with scheduling a counseling appointment.

How much do Optima EAP services cost?

Optima EAP services are paid for by your employer and are available at no cost to you or your household members.

Will it really help to talk with someone about my problems?

It's often helpful to speak with a trained professional who can offer objectivity. A counselor may have a different perspective on the problem and offer suggestions or interventions that you haven't considered. Our focus is on helping you to find a solution.

What happens at a counseling session?

When you first arrive, you will be asked to complete some basic paperwork and a health questionnaire. You will then meet with a counselor who will assess your situation and work with you to develop solutions. Counseling sessions typically last about 45 minutes.

What is Virtual Counseling?

Optima EAP recognizes that it is not always possible or convenient to have a face-to-face counseling appointment. Our Virtual Counseling option uses a HIPAA-compliant platform to allow you to speak with a counselor using a smartphone, tablet, or desktop computer.

How do I schedule a Virtual Counseling appointment?

You can make an appointment by calling Optima EAP at 1-800-899-8174 Monday to Thursday from 8 a.m. – 7 p.m. and Friday 8 a.m. – 5 p.m. We will confirm that you are eligible to use Virtual Counseling, schedule your appointment, and ask for your email address. We will then send you an encrypted email with instructions on how to complete your pre-appointment paperwork and how to access your counseling session.

Other Health Insurance Information

Health and Preventive Services

Overview

Optima Health department of Health and Preventive Services provides individual and group programs to improve health and prevent disease. The department offers a wide range of services including direct mail reminders, health screenings, self-learning programs, online education, flu shots, and selected classes.

Personal Health Assessment and Health Coaching

The completion of a Personal Health Assessment (PHA) includes the identification of health risks for members and targeted interventions to reduce risks and improve health. Members receive health risk information targeted at their readiness to change.

Optima Health has a powerful resource, MyLife MyPlan Connection, to help members adopt healthy behaviors, reduce health risks, and lower their lifetime cost of care. MyLife MyPlan Connection offers our members flexible programs, expert guidance, and inspiration to take charge of their own health, whether they are continuing healthy habits, or making a change to improve their health. It all begins when the member completes a Personal Health Assessment—and creates the foundation for their Health Record and coaching program. Our health coaching partner offers a comprehensive online activities tool, known as the Daily Habits. This online coaching program delivers a personalized, interactive, and motivational experience to help members take action and sustain healthy habits in a fun way. Optima Health also provides telephonic disease management coaching for coronary heart disease, heart failure, diabetes, respiratory conditions, and weight management.

Healthy Publications

Members can visit optimahealth.kramesonline.com/ for valuable information about health improvement, disease and condition management, and preventive healthcare. Members can also visit WebMD® Health Services to learn about specific health topics, recipes, request newsletters and other health resources. Access WebMD Health Services by completing your personal health assessment on optimahealth.com.

Patient Identification Manager Reminder System

The Patient Identification Manager Reminder System informs members of recommended immunizations and preventive health screenings that help fight communicable disease and diagnose cancer in the earliest, most treatable stages. These programs give members valuable and current information and encouragement to reduce health risks. Employees who improve their health can reduce their healthcare needs, reduce absenteeism, and reduce healthcare costs. Initiatives of this system include:

- Mammography reminders: Women age 46 and older who have not had a mammogram in the previous 12 months receive a postcard during their birthday month. This card informs them of the recommended mammography schedule, and the importance of mammography and cervical cancer screening.

Health and Preventive Services, continued

- Cervical cancer screening reminders: Women age 24 and older who have not had a cervical cancer screening in the previous 12 months receive a postcard during their birthday month. This card informs them of Pap Test recommendations, and the importance of cervical cancer and mammography screening.
- Healthy pregnancy mailings: Once the health plan learns of a member's pregnancy, she receives the following:
 1. the Planning a Healthy Pregnancy Self-Care Handbook
 2. a letter and magnet featuring the childhood immunization schedule and our wishes for a healthy delivery (sent once member is in her seventh month of pregnancy)
 3. a paid subscription to one of four parenting magazines of her choice
- Immunization postcards: Parents receive a postcard regarding basic immunization schedule for children at 6, 12, and 18 months of age.
- Birthday cards: All plan members age 3 and over receive a birthday card during their birthday month from the plan. Part of this mailing includes a bookmarker that serves to remind members of the preventive health guidelines they should follow to achieve their personal best health.
- Physician notifications: Physicians receive monthly lists of their patients (our members) who were reminded through the PIM System and have still not completed their preventive screenings.

Based on health screening findings, members receive group, individual, and self-paced programs to reduce cardiovascular health risks and promote health.

Healthy Programs

Eating for Life is an award-winning educational program that helps participants develop healthy eating and exercise habits.

Get Off Your Butt: Stay Smokeless for Life is an educational program offering support for anyone who wants to quit tobacco use.

Guided Meditation is a program that invites listeners to experience a calm, peaceful retreat from everyday stressors.

Healthy Habits Healthy You is a program that offers helpful ways to prevent Type 2 diabetes and heart disease with healthy food choices, managing body weight, exercising, and finding ways to relax and get more sleep.

Movement Programs

Tai Chi is a program that helps your body to mentally and physically relax. The movements enhance your blood flow, release muscle tension, and improve your balance.

The MoveAbout Program is designed to assist members in their journey to become more active and stay healthy. Learn about different types of physical activity and ways to move throughout the day to achieve a goal of 150 minutes of moderate activity each week.

Yoga programs include stretching and strengthening exercises to help improve flexibility, strength and cardiovascular health. Chair Yoga is also available.

Gym Network 360 Discount Program

Optima Health members have access to premier fitness, weight loss, and wellness brands at discounted pricing with Gym Network 360.

The Best Fitness Brands at the Best Prices

Gym Network 360, from Optima Health and GlobalFit, offers members great fitness brands at great prices, along with the education, resources, and tools to engage and motivate members to become more active and adopt healthier behaviors.

Exercise

Members enjoy savings of 5–20% off retail rates of over 6,000 fitness facilities and programs designed to engage at all fitness levels.

- Top brands include Anytime Fitness, Curves, Gold’s Gym, LA Fitness, and more.
- Regional and specialty studio options include CrossFit, cycling, kickboxing, yoga, and more.
- Virtual fitness options include Group Fitness On Demand powered by Les Mills.

- Variety of meal plans include fresh prepared meals, and diet delivery options.
- Discounts on top brands such as Jenny Craig, Diet-to-Go, and Kurbo.
- Discounts on vitamins, supplements, and other healthy food products.

Education

Gym Network 360 provides wellness tools and resources to support and motivate members through their wellness journey all year long, including monthly promotions for additional savings.

How to Receive Services

Look for the Gym Network 360 name on the Health and Wellness Discounts page at optimahealth.com/members or the Optima Health mobile app. Members will be prompted to sign in (or first register* for their secure account) for more information. After sign in, members may choose to visit the Optima Health GlobalFit shopping platform to browse for services and activate their discount. GlobalFit Customer Service representatives are available by phone at 1-800-294-1500, Monday–Friday 8:30 a.m.–5:30 p.m. EST.

* If you have not yet registered for your secure account, visit optimahealth.com/register or download and register on the Optima Health mobile app.

These discounts apply for all Optima Health members and do not, in any way, affect your premium, nor are they covered benefits under your health plan. These discounts cannot be used in conjunction with any other discount, rider, or benefit, and you will be responsible for applicable taxes. Optima Health is the trade name of Optima Health Plan, Optima Health Insurance Company, and Sentara Health Plans, Inc. Optima Vantage HMO products and Point-of-Service products are underwritten by Optima Health Plan. Optima Plus PPO products and Optima Individual Plans are underwritten by Optima Health Insurance Company. Sentara Health Plans, Inc. provides administrative and TPA services for self-insured group health plans. The services listed on this page are value-added benefits available to Optima Health plan members, and not covered benefits under any Optima Health Plan.

Complementary Alternative Medicine Discount Program (CAM)

Each covered individual is offered a discount on acupuncture, chiropractic, therapeutic massage services, physical therapy, occupational therapy, and podiatry through the ChooseHealthy® Program. Participating providers extend a 25% discount off their usual and customary charges.

How to Receive Services

Select a participating healthcare provider from the Plan's website at optimahealth.com.

Schedule an appointment with a participating provider. A physician referral is not necessary. The participating provider will develop, if necessary, a treatment plan for the member. There are no visit limitations. Changing your participating provider is permitted at any time.

In order to receive the CAM discount, present your member ID card at the time of service. The member is responsible for payment of services at each visit. There are no claim forms to file.

If chiropractic care is covered under the Plan's medical benefit, the member may find it beneficial to use this discount program after the annual Plan limit has been met, or for services not covered under that benefit.

Additional Information

For more information regarding this discount program, or to nominate a provider not yet in the network, please call ChooseHealthy member services at 1-877-327-2746 or refer to the Plan's website at optimahealth.com. ASH's member service representatives are available from 8 a.m. to 9 p.m. ET, Monday–Friday.

Current members with questions regarding benefits should call member services at the number on the ID card. If you are considering enrolling for the first time and have questions, please consult with your group's Benefit Administrator.

A telecommunications device for the hearing impaired can be accessed by dialing 1-800-828-1140 or 711.

The ChooseHealthy Program is administered by ChooseHealthy, Inc., a subsidiary of American Specialty Health Incorporated (ASH). ChooseHealthy is a federally registered trademark of ASH and used with permission herein.

Please note that this program is not insurance. You should check any insurance benefits you have before using this discount program, as those benefits may result in lower costs to you than using this discount program. The discount program provides for discount specialty health care services from participating practitioners. You are obligated to pay for all health care services, but will receive a discount from those health care practitioners who have contracted with the discount program. The discount program has no liability for providing or guaranteeing services, and assumes no liability for the quality of services rendered.

Staying Healthy

Optima Health is committed to helping you reach your best health. You can do your part by:

- eating a healthy diet
- avoiding all tobacco products
- maintaining a healthy weight
- keeping your blood pressure under control
- exercising regularly
- maintaining healthy cholesterol levels

If you do not know your blood pressure or cholesterol levels, see your Plan doctor and get to *know your numbers*. Your heart health depends on your management of these essential indicators of health. If your numbers are higher than they should be, follow your plan doctor's advice and take advantage of information and support offered by Optima Health.

Follow the check-up and immunization schedule below to reach your best health. The screenings listed by age and frequency help diagnose diseases in the earliest, most treatable stages. This schedule is recommended for most people. If your doctor recommends a different schedule, please follow his or her advice.

REGULAR CHECK-UP SCHEDULE		
Adults	18+	Yearly
Infants and Children	Under 3	Ages 2-5 days; and 1, 2, 4, 6, 9, 12, 15, 18, and 24 months
Children and Teens	3-18	Yearly

Children's Immunization Schedule

Use this chart to help keep track of your child's immunizations and ensure the best protection from disease.

	Optima Health Covered Immunizations	Recommended Immunizations <small>(check your plan documents to verify coverage)</small>
Birth	Hepatitis B	Rotavirus
2 Months	Diphtheria/Tetanus/Pertussis Poliovirus Haemophilus influenza type b Hepatitis B Pneumococcal conjugate	Rotavirus
4 Months	Diphtheria/Tetanus/Pertussis Poliovirus Haemophilus influenza type b Pneumococcal conjugate	Rotavirus
6 Months	Diphtheria/Tetanus/Pertussis Poliovirus Haemophilus influenza type b Hepatitis B Pneumococcal conjugate Influenza Yearly	Rotavirus
12–18 Months	Diphtheria/Tetanus/Pertussis Measles/Mumps/Rubella Poliovirus Haemophilus influenza type b Hepatitis B Varicella zoster virus Pneumococcal conjugate Influenza Yearly	Hepatitis A
4–6 Years	Diphtheria/Tetanus/Pertussis Poliovirus Measles/Mumps/Rubella Influenza Yearly	Varicella
11–18 Years	Tetanus/Diphtheria (Repeat every 10 years through life) If your child was unable to receive all immunizations listed above, your doctor may complete immunizations during this time. Measles/Mumps/Rubella Poliovirus (if child has not received second dose) Influenza yearly Meningococcal (Meningitis) Talk with your doctor about when this immunization is needed HPV (2–3 doses, depending on age at initial vaccination)	

NOTE: Many of these immunizations may be combined, rather than given as individual injections. In addition, specific situations may arise for children who have not or should not receive their immunizations according to this schedule. Discuss immunizations with your physician.

Oral fluoride supplementation starting at age six months for children whose water supply is fluoride deficient

Oral health risk assessment

Phenylketonuria (PKU) screening: newborns

Skin cancer behavioral counseling: children, adolescents and young adults ages six months to 24 years old

STI prevention counseling and screening for adolescents at high risk

Tobacco use interventions: children and adolescents

Tuberculin testing for children at higher risk of tuberculosis

Visual acuity screening

Flu and Pneumonia Prevention

Flu Vaccine

The flu vaccine is covered for members with medical and/or pharmacy benefits administered by Optima Health. The Centers for Disease Control and Prevention (CDC) recommends a yearly flu vaccine for everyone six months of age and older, as the first and most important step in protecting against this serious disease. While there are many different flu viruses, the flu vaccine is designed to protect against the main flu strains that research indicates will cause the most illness during each flu season.

Optima Health members may visit the following locations to receive a flu shot¹:

Your doctor:

- Check with your physician to see if he or she offers the flu vaccine.
- A physician office copayment may apply.

Your local pharmacy:

- Members should visit optimahealth.com/members to download a list of participating pharmacies.
- We recommend that you call the pharmacy in advance to check the availability of the flu vaccine.

If you need additional assistance finding a location to receive the flu vaccine, contact Optima Health member services at the number on the back of your member ID card.

Pneumonia Vaccine

The CDC defines pneumonia as an infection of the lungs that can cause mild to severe illness in people of all ages. Signs of pneumonia can include coughing, fever, fatigue, nausea, vomiting, rapid breathing or shortness of breath, chills, or chest pain. Certain people are more likely to become ill with pneumonia. This includes adults 65 years of age or older and children younger than five years of age. People up through 64 years of age who have underlying medical conditions (like diabetes or HIV/AIDS) and people 19

through 64 who smoke cigarettes or have asthma are also at increased risk for getting pneumonia.

The pneumococcal conjugate vaccine (PCV13 or Prevnar 13[®]) protects against the 13 types of pneumococcal bacteria that cause most of the severe illness in children and adults. The vaccine can also help prevent some ear infections. PCV13 is recommended for all children at 2, 4, 6, and 12 through 15 months old. PCV13 is also recommended for adults 19 years or older with certain medical conditions and in all adults 65 years or older.

The pneumococcal polysaccharide vaccine (PPSV23 or Pneumovax 23[®]) protects against 23 types of pneumococcal bacteria. It is recommended for all adults 65 years or older and for anyone who is 2 years or older at high risk for disease. PPSV23 is also recommended for adults 19 through 64 years old who smoke cigarettes or who have asthma.

¹Please see your provider for information on receiving the flu or pneumonia vaccine.

Chiropractic Care

For covered services under this benefit, Optima Health contracts with American Specialty Health (ASH) to provide chiropractic services in the Plan's service area.

Pre-authorization is required by ASH for all chiropractic care services.

How to receive covered services

To receive services call an ASH participating provider and schedule an appointment. You do not need a referral. The ASH chiropractic provider is responsible for getting authorization from ASH before you receive care except for initial examination and Emergency Services. The number of visits allowed per year, any benefit maximums, and your out of pocket amounts are listed on the Benefit Summary.

Covered services include examination, re-examination, manipulation, conjunctive therapy, radiology, chiropractic appliances, and laboratory tests related to the delivery of chiropractic services subject to the following:

- An initial exam is performed by the participating provider to determine the nature of the member's problem and, if covered services are needed, a treatment plan is prepared. One initial exam is provided for each new patient. A copayment is required when services are rendered.
- A re-examination may be performed by the participating provider to assess the need to continue, extend, or change a treatment plan approved by ASH. A re-evaluation may be performed during a subsequent office visit or separately. If performed separately, a copayment is required.
- Subsequent office visits may involve an adjustment, a brief re-examination, and other services. A copayment is required for each visit to the office.
- Adjunctive therapy may involve modalities such as ultrasound, hot packs, cold packs, electrical muscle stimulation and other therapies.
- X-rays and clinical laboratory tests are payable in full when referred by a participating chiropractor and authorized by ASH. Radiological consultations are a covered benefit when authorized by ASH as medically necessary services and provided by a licensed chiropractic radiologist, medical radiologist, radiology group or hospital which has contracted with ASH to provide those services.
- Chiropractic appliances are covered up to a maximum benefit of one (1) appliance per year when prescribed by a participating chiropractor and authorized by ASH.

The following are excluded from coverage:

- any services or treatments not authorized by ASH, except for initial exam and emergency services
- any services or treatments not delivered by participating chiropractors for the delivery of chiropractic care to members, except for emergency services
- services for exams and/or treatments for conditions other than those related to neuromusculoskeletal disorders from participating chiropractors
- hypnotherapy, behavior training, sleep therapy, and weight programs

Chiropractic Care, continued

- Thermograph
- services, lab tests, X-rays and other treatments not documented as clinically necessary as appropriate or classified as experimental or investigational and/or as being in the research stage
- services and/or treatments that are not documented as medically necessary services
- Magnetic Resonance Imaging (MRI), CAT scans, bone scans, nuclear radiology and any diagnostic radiology other than covered plain film studies
- transportation costs including local ambulance charges except for emergency services
- education programs, non-medical self-care or self-help or any self-help physical exercise training or any related diagnostic testing
- any services or treatments for pre-employment physicals or vocational rehabilitation
- air conditioners, air purifiers, therapeutic mattresses, supplies or any other similar devices or appliances; all chiropractic appliances or durable medical equipment, except as described as covered in this document
- drugs or medicines including a non-legend or proprietary medicine or medication not requiring a prescription order
- services provided by a chiropractor practicing outside the service area, except for emergency services
- hospitalization, anesthesia, manipulation under anesthesia and other related services
- all auxiliary aids and services, including but not limited to, interpreters, transcription services, written materials, telecommunications devices, telephone handset amplifiers, television decoders and telephones compatible with hearing aids
- adjunctive therapy not associated with spinal, muscle or joint manipulation
- vitamins, minerals, or other similar products

Additional Information

Current members with questions regarding benefits may call member services at the number on the back of their member ID card or visit optimahealth.com to view Plan documents and find network physicians.

If you are considering enrolling for the first time and have questions, please contact the group's Benefits Administrator.

A telecommunications device for the hearing impaired can be accessed by dialing 1-800-828-1140 or 711.

Diabetes Treatment—Traditional Plans

Does not apply to Equity or HSA-eligible plans

Pre-Authorization is required for insulin pumps and pump infusion sets and supplies.

Coverage includes benefits for FDA-approved equipment and supplies for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and non-insulin-using diabetes if prescribed by a healthcare professional legally authorized to prescribe such items.

- Insulin pumps, pump infusion sets and supplies, outpatient self-management training and education, and nutritional therapy are covered under the Plan's medical benefits.
- Insulin, needles, and syringes as well as testing supplies (test strips, lancets, lancet devices, blood glucose monitors, and control solution) are covered under the Plan's pharmacy benefits. Members can pick up supplies at any network pharmacy. LifeScan products are the preferred brand.
- An annual diabetic eye exam is covered when received from an Optima Health Plan Provider or a participating EyeMed Provider.

Optima Health also covers in-person outpatient self-management training and education—including medical nutrition therapy. Training must be provided by a certified, registered, or licensed healthcare professional. Members may call 1-800-SENTARA for information on training and educational classes.

The member is responsible for all applicable copayments, coinsurances, and any deductibles depending on the type and place of service as listed on the Plan's Benefit Summary.

Members should refer to Plan documents for Plan copayments, coinsurances, deductibles, and maximum out-of-pocket amounts, in addition to coverage exclusions and limitations.

Prior to receiving an ID card, any member with questions may call member services at 1-877-552-7401. Members with ID cards may call the toll-free number on the back of the member ID card.

OUT OF AREA DEPENDENT CHILD NOTIFICATION

Simplicity at your Fingertips

As you read through the pages of this section, you will learn more about the various tools available to our members. Sign in and register on optimahealth.com/members or the Optima Health mobile app for 24/7/365 access to all your important plan information—when and where you need it.

With a consistent design and functionality for a seamless experience, both the mobile app and the member portal include secure access to deductible and maximum out-of-pocket balances, claims, authorizations, treatment cost estimates, member ID cards, flexible spending accounts¹, and other important health plan information. In addition, members can:

schedule virtual consults for medical and behavioral health care

participate in wellness activities and track health progress

contact member services

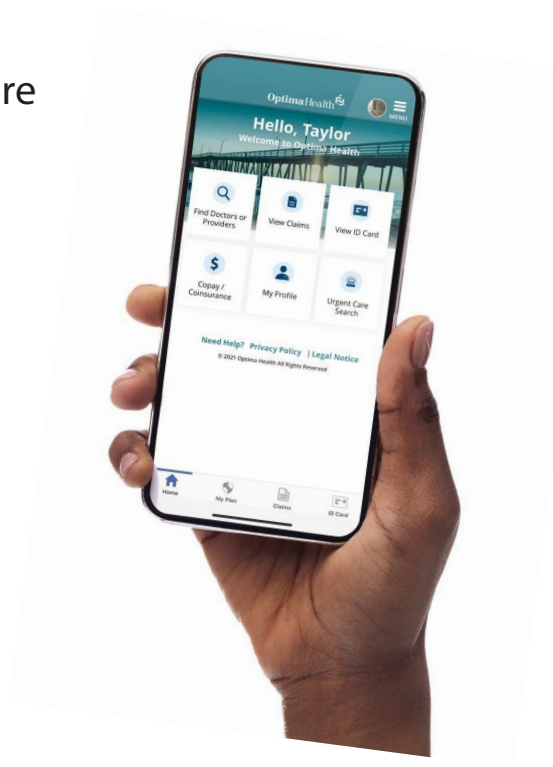

get important preventive care reminders

search for nearby doctors and hospitals

and much more!

At Optima Health, we empower our members to stay informed and be involved in their care, so they can get the most from their health plan.

¹ Applies to members with Equity Health Savings Account or Design Health Reimbursement Account plans

MYLIFE MYPLAN: My Health Assistant

Your 24/7 resource to help you keep your eyes on the prize

Make checking in with My Health Assistant part of your regular routine, and you'll have what it takes to start a good health routine and stick with it. My Health Assistant, powered by WebMD Health Services, uses the goals and activities you select to create simple weekly plans that get you from start to success. During your journey, you'll enjoy an interactive online experience that's motivational, fun, and invigorating.

Focus on one or more of the following areas:

- nutrition
- exercise
- weight loss
- stress management
- emotional health
- tobacco cessation

Your Digital Health Assistant (DHA)

The DHA is an online coach that creatively engages you to improve your overall health and wellness with specific personal calls to action to help you form healthy habits and achieve your goals.

Ready—Accessing the Digital Health Assistant

DHA activities are customized to you, your health plan, and your wellness program. You can access this tool from the Optima Health website:

- sign in at optimahealth.com/mylifemyplan
- select *Wellness Tools* from your MyOptima menu on the left side of the screen to navigate to your personalized WebMD wellness home page

Set—Setting Goals with the Digital Health Assistant

Option One - Set a DHA goal based on your Personal Health Assessment (PHA) score.

- complete the PHA questionnaire
- from your PHA results screen, click the green *Let's Go!* button to navigate to the *My Health Assistant* page and choose your goal(s)

For more information, visit
optimahealth.com/mylifemyplan

MYLIFE MYPLAN, continued

Option Two - Set a DHA goal without taking the Personal Health Assessment.

- from your personalized WebMD wellness home page, select the *Healthy Living* tab at the top of the page
- select *My Health Assistant*
- choose which goal(s) you would like to work towards by clicking *Manage My Goals*

Choose one or more of the following DHA goals: Eat Better, Enjoy Exercise, Lose Weight, Conquer Stress, Feel Happier, Quit Tobacco.

Success—Reaching Goals with the Digital Health Assistant

Once you have selected your DHA goal(s), you are ready to begin tracking your progress. Record your daily activities following these easy steps:

- sign in at optimahealth.com/mylifemyplan and select *Wellness Tools* from the menu
- from your personalized WebMD wellness home page, select the *Healthy Living* tab at the top of the page and choose *My Health Assistant*
- click on the icon that best represents your daily activities towards each goal
- sign in daily or weekly to record your activities: weeks begin on Sunday and end on Saturday (you may only back-track and record past activities completed since Sunday of the current week)

DHA	How to Record Your Daily Activities
Eat Better	Click On Track, A Little Off, or Off Track
Enjoy Exercise	Click More than 20 Minutes, 20 Minutes, or Less than 20 Minutes
Lose Weight	Enter your current weight
Conquer Stress	Enter your current stress level on a scale from low to high
Feel Happier	Click Happy, Okay, Down, or Sad
Quit Tobacco	Enter how many times you use tobacco daily

Virtual Consults | Exceptional Care, Anywhere.

With virtual consults, you can visit with a doctor 24/7 from your home, office or on the go. Our team of board-certified doctors is available by phone or secure video to assist with non-emergency medical conditions.

Who are our doctors?

The virtual consult team has the nation's largest network of telehealth doctors. On average, our doctors have 15 years of experience practicing medicine and are licensed in the state where patients are located. Their specialties include primary care, pediatrics, emergency medicine, and family medicine. Our doctors are committed to providing convenient, quality care and are always ready to take your call.

When should I use Virtual Consults?

- for non-emergency issues that do not require a trip to the ER or an urgent care center
- during or after normal business hours, nights, weekends, and even holidays
- if your primary care doctor is not available
- if you need to request prescription refills (when appropriate)
- if you are traveling and in need of medical care

Common Conditions We Treat

- allergies
- asthma
- bronchitis
- cold and flu
- diarrhea
- ear aches
- fever
- headache
- infections
- insect bites
- joint aches
- rashes
- respiratory infections
- sinus infections
- skin infections
- sore throat
- urinary tract infections
- and more!

24/7/365 on-demand access to affordable, quality healthcare. Anytime, Anywhere.

Virtual Consults, continued

How much does it cost?

You are able to take advantage of virtual appointments for the cost of a primary care physician visit or as noted in your benefit documents.

Are my children eligible?

Yes. We have pediatricians on call 24/7/365. Please note, a parent or guardian must be present during any interactions involving minors. We ask parents to establish a child record under their account. Parents must be present on each call for children 18 or younger.

Pediatric Care

- cold and flu
- constipation
- ear aches
- nausea
- pink eye
- and more!

Register now!

Call 1-866-648-3638 or sign in at optimahealth.com and select Virtual Consult.

Disclaimers: Virtual consults does not replace the primary care physician. Virtual consult is not an insurance product nor a prescription fulfillment warehouse. virtual consult operates subject to state regulation and may not be available in certain states. Virtual consult does not guarantee that a prescription will be written. virtual consult does not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. virtual consult physicians reserve the right to deny care for potential misuse of services. virtual consult phone consultations are available 24/7/365, while video consultations are available during the hours of 7:00 a.m. – 9:00 p.m. EST, seven days a week or by scheduled availability.

Treatment Cost Calculator

BETTER INFORMATION

View estimates on over 500 procedures and services in your area, based on your specific benefit plan information

BETTER DECISIONS

Shop and compare out-of-pocket costs for a specific procedure at a specific doctor or medical facility

BETTER HEALTH

Compare your options, plan for future expenses, and make the best decisions for both your health and your wallet

Sign in at optimahealth.com or the Optima Health mobile app to calculate treatment costs

- search or browse for a procedure/service or local healthcare provider
- explore your options, view cost-saving tips, and additional guidance on technical healthcare information relevant to your search
- view out-of-pocket estimates¹ based on real-time balances of your health plan's deductibles and out-of-pocket maximums
- view maps, get directions, call for appointments, and print or email estimates

¹ Estimates provided within the Treatment Cost Calculator are not quotes. While every effort is made to provide members with the most accurate information, in some instances the actual charges from your healthcare provider may be different than the average estimate provided.

Epic Hearing Healthcare

ListenHear • LiveWell

Welcome

to the **Listen Hear, Live Well**
Hearing Health Wellness Program

How it Works:

1. go to listenhearlivewell.com and register with your name and email address
2. complete the four fun, educational hearing health activities
3. receive your reward coupon for additional savings off of your purchase

Listen Hear, Live Well reward coupon savings are applied per each hearing device that is purchased—maximizing your value! Plus, these reward savings are applied on top of the 30%–60% savings off of MSRP that is already available on an open selection of major brand hearing aids through the EPIC Hearing Service Plans. Simply complete the online wellness program on your desktop or mobile device and contact the EPIC Hearing Service Plan toll free at 1-866-956-5400 to redeem your reward, and start the process to better hearing.

Save

- ★ Premium Devices: \$200 off
- ★ Advanced Devices: \$100 off
- ★ Standard Devices: \$50 off

Epic Hearing Service Plan

The Epic Hearing Service Plan is the nation's first specialty care plan devoted to the vital sense of hearing. EPIC is dedicated to delivering the highest quality of care at the best value to our members.

Provider Network

The EPIC network is comprised of professional Audiologists and ENT physicians and represents the largest accredited network of its kind in the nation, with provider locations in all 50 states.

Hearing Aids

The EPIC Hearing Service Plan gives you access to all name brand hearing aid technology by the top tier hearing aid manufacturers at reduced prices, 30%–60% below MSRP; maximizing your value and savings.

Note: the following top tier manufacturer brands are available through EPIC: Phonak, Unitron, Lyric, GN Resound, Starkey, Siemens, Oticon, and Widex.

How it Works

Contact an EPIC hearing counselor today. The hearing counselor can answer any questions you may have about the plan and coordinate your referral to a nearby participating provider. If the provider recommends you obtain hearing aids, an EPIC counselor will contact you to coordinate your coverage and payment. You will receive a 45-day trial period with a complimentary extended three-year product warranty and one year supply of batteries¹.

Plan Perks

- savings on hearing exams and hearing aid devices
- access to the largest nationwide network of audiologist and ENT physicians
- pricing 30%–60% below MSRP on name brand products
- money-back trial periods
- extended warranties & batteries with purchase

Level of Hearing Aid Technology	Degree of Hearing Loss	Typical MSRP	EPIC Pricing
Basic	Mild to Moderate	\$1,400-\$1,600	\$495
Standard	Moderate	\$1,601-\$2,300	\$849-\$1,499
Advanced	Moderate to Severe	\$2,301-\$3,000	\$1,500-\$2,099
Premium	Moderate to Severe	\$3,001-\$4,000	\$2,100-\$2,500

Emergency Travel Assistance Provided by Assist America

No matter where you are in the world, you will always get the care you need. Your enrollment with Optima Health includes a **FREE** Emergency Travel Assistance program that can handle and resolve your medical and travel emergencies. You, and any dependents on your Optima Health medical plan are covered whenever traveling 100 miles or more away from your permanent residence, or in another country.

Services

- **Medical Consultation, Evaluation, and Referral:** Calls are evaluated by medical personnel and referred to English-speaking, Western-trained doctors and/or hospitals.
- **Hospital Admission Assistance:** Guaranteed hospital admission outside the U.S. by validating a participant's health coverage or by advancing funds to the hospital.
- **Emergency Medical Evacuation:** Whatever mode of transport, equipment, and personnel necessary is used to evacuate a participant to the nearest facility capable of providing a high standard of care, if not available locally.
- **Medical Monitoring:** Maintain regular communication with the participant's attending physician and/or hospital and relays information to the family.
- **Medical Repatriation:** If continued medical assistance is needed upon discharge from a hospital, participant will be repatriated home or to a rehabilitation facility with a medical or nonmedical escort, as necessary.
- **Prescription Assistance:** Help in filling replacement prescription(s) while traveling.
- **Compassionate Visit:** Economy, round-trip, common carrier transportation to the place of hospitalization for a designated family member or friend for participants hospitalized for more than seven days.
- **Care of Minor Children:** Arrangement of the care of children left unattended due to medical emergency and payment for any transportation costs involved in such arrangements.
- **Return of Mortal Remains:** Arrangement and payment for the return of mortal remains in the event of a participant's death.
- **Emergency Trauma Counseling:** Telephone-based counseling and referrals to qualified counselors.
- **Lost Luggage or Document Assistance:** Help locating lost luggage, documents, or personal belongings.
- **Interpreter and Legal Referrals:** Referrals to interpreters and/or legal personnel.
- **Pre-trip Information:** Web-based country profiles that include visa requirements, immunization and inoculation recommendations, as well as security advisories for any travel destination.

The Fine Print

Frequently Asked Questions

Regulatory Information

How can I find out more about my covered benefits and how my Plan works?

Once you are enrolled as an Optima Health member, you are entitled to an Evidence of Coverage (EOC) or Certificate of Insurance (COI), and a Uniform Summary of Benefits and Coverage (SBC). Your EOC/COI is an important document. Read it carefully to understand what services are covered under Optima Health. Your copayments, coinsurances, and deductibles are also listed on the Face Sheet of the EOC/COI. Your SBC is a federally mandated document that contains clear, consistent, and comparable information about your health plan benefits. When you enroll, we will send you

instructions on how to access your EOC/COI and SBC online at optimahealth.com/members or request a paper copy.

How can I find out what doctors and hospitals are in the Optima Health Provider Network?

You are entitled to a list of providers that are in the plan's network. You can find this list on optimahealth.com/members or you can call Member Services at anytime to find out if your provider is in the plan's network.

How does Optima Health use my personal information?

We understand that medical information about you and your health is personal and we are committed to protecting it. We use information about you to administer your benefits, process your claims, provide education and clinical care, coordinate your benefits with other insurance carriers, and other transactions related to providing you and your dependents healthcare coverage.

How does Optima Health protect my personal information?

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires that health plans protect the confidentiality of your private health information. Optima Health will not use or further disclose HIPAA protected

health information (PHI) except as necessary for treatment, payment, and health plan operations, as permitted or required by law, or as authorized by you. A complete description of your rights under HIPAA can be found in the Sentara Healthcare Integrated Notice of Privacy Practices. A copy of the

Frequently Asked Questions

Regulatory Information, continued

notice will be included in your EOC/COI when you enroll. You can also go to optimahealth.com/members to see a copy of our privacy notice.

The Commonwealth of Virginia also has laws in place to protect the privacy of our members' insurance information. We will not release data about you unless you have authorized it, or as permitted or required by law. Optima Health requires a Designated Representative Authorization form whenever anyone other than the Optima Health member needs to obtain and/or change health information. You can download a copy of the form at optimahealth.com/members/manage-plans/forms, or by calling member services at the number on the back of your member ID card.

Under HIPAA and Virginia law, you have certain rights to see and copy health information about you. You have the right to request an accounting of certain disclosures of the information and under certain circumstances, amend the information. You have the right to file a complaint with Optima Health or with the Secretary of the U.S. Department of Health and Human Services, if you believe your rights under HIPAA have been violated.

What if I decide not to enroll with Optima Health at this time? Will my dependents or I be able to enroll later?

If you decline enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents with Optima Health if you or your dependents lose eligibility for that other coverage or if the employer stops contributing towards your or your dependents' other coverage. However, you must request enrollment within 31 days after your or your dependents' other coverage ends, or after the employer stops contributing toward the other coverage.

If you have a new dependent because of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Does Optima Health offer special enrollment for employees and dependents that lose eligibility under Medicaid or CHIP coverage?

Employees or dependents who are eligible for group coverage will be permitted to enroll late if they (1) lose eligibility for Medicaid or CHIP coverage, or (2) become eligible to participate in a premium assistance program under Medicaid or CHIP. In both cases, the employee must request special enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, contact your employer group benefits administrator.

Frequently Asked Questions

Regulatory Information, continued

What happens if I lose my coverage but still need health insurance?

You may be able to continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under Your Plan as a result of a qualifying event. You, your spouse, or your dependents may have to pay for such coverage. Please check with your employer for information on your rights under COBRA, State Continuation of Coverage, or other available options if you lose coverage under your group's Plan.

What if I have coverage under more than one health plan?

If you have coverage under another health plan, that plan may have primary responsibility for the covered expenses of you or your family members. Optima Health uses order of benefit rules to determine whether it is the primary or secondary plan. Generally, the plan that covers the person as a subscriber pays first. If your dependents are covered under more than one healthcare plan, Optima Health has rules based on subscriber date of birth, length of coverage, and custody obligations that determine primary responsibility.

What are my rights under the Women's Health and Cancer Rights Act?

Under the Women's Health and Cancer Rights Act of 1998, and according to Virginia State Law, Optima Health provides benefits for the mastectomy-related services listed below in a manner determined in consultation with the attending doctor and the member:

- All stages of reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prosthesis and any physical complications resulting from the mastectomy, including lymphedema

Coverage for breast reconstruction benefits is subject to deductibles, copayments, and/or coinsurance consistent with those established for other benefits under Optima Health. Call Member Services at the number on the back of your member ID card for more information.

What rights do I have under Maternity Benefits?

Under Federal and Virginia State Law, you have certain rights and protections regarding your maternity benefits with Optima Health.

Under federal law known as the "Newborns' and Mothers' Health Protection Act of 1996" (Newborns' Act) group health plans and health insurance issuers generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).

Frequently Asked Questions

Regulatory Information, continued

In any case, plans and issuers may not, under Federal Law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Under Virginia State Law, if your Plan provides benefits for obstetrical services your benefits will include coverage for postpartum services. Coverage will include benefits for inpatient care and a home visit or visits, which shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Coverage for obstetrical services as an inpatient in a general hospital or obstetrical services by a physician shall provide such benefits with durational limits, deductibles, coinsurance factors, and copayments that are generally no less favorable than for physical illness.

What can I do to prevent Healthcare Fraud?

Fraud increases the cost of healthcare for everyone. Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number or other personal information over the telephone or email it to people you do not know, except for your healthcare providers or Optima Health representatives.
- Do not go to a doctor who says that an item or service is not usually covered, but they know how to bill the health plan to get it paid. Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- Carefully review your Explanation of Benefits (EOB) statements that you receive from the health plan. If you suspect a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, contact the provider for an explanation. There may be an error.

Optima Health provides its members a way to report situations or actions they think may be potentially illegal, unethical, or improper. If you want to report fraudulent or abusive practices, you can call the Fraud and Abuse Hotline at the number below. You can also send an email or forward your information to the address below. All referrals may remain anonymous. Please be sure to leave your name and number if you wish to be contacted for follow up. If appropriate, the necessary governmental agency (e.g. DMAS, CMS, OIG, BOI) will be notified as required by law.

Member Rights and Responsibilities

As a member of Optima Health, you are entitled to all covered benefits; however, you must learn how the health plan works, follow the proper procedures, and use the proper network (e.g. Plan doctors, hospitals, mental health providers, and other specialists participating with Optima Health).

Optima Health Plan members have the right to:

Timely and Quality Care:

- access to Protected Health Information (PHI), medical records, physicians, and other healthcare professionals; and referrals to specialists when medically necessary
- continuity of care and to know in advance the time and location of an appointment, as well as the physicians and other health care professionals providing care
- receive the medical care that is necessary for the proper diagnosis and treatment of any covered illness or injury
- participate with physicians and healthcare professionals in:
 - discussing their diagnosis, the prognosis of the condition, and instructions required for follow-up care
 - understanding the health problems and assisting to develop mutually agreed-upon goals for treatment
 - decision-making regarding their healthcare and treatment planning
 - a candid discussion of appropriate or medically necessary treatment options for their condition(s), regardless of cost or benefit coverage
- the right to affirm that all practitioners, providers, and employees who make utilization management (UM) decisions:
 - base decisions on appropriateness of care, services and existence of coverage
 - are not rewarded for issuing medical denials of coverage
 - do not encourage decisions that result in underutilization through financial incentives

Treatment with Dignity and Respect—Members will

- be treated with respect, dignity, compassion and the right to privacy
- exercise these rights regardless of race, physical or mental ability, ethnicity, gender, sexual orientation, creed, age, religion or their national origin, cultural or educational background, economic or health status, English proficiency, reading skills, or source of payment for their care. Expect this right by both Plan and contracting physicians
- expect protection of all oral, written, and electronic information across the Plan, and information to plan sponsors and employers
- extend their rights to any person who may have legal responsibility to make decisions on the member's behalf regarding medical care
- be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation

Member Rights and Responsibilities, continued

- be able to refuse treatment or to sign a consent form if the member feels they do not clearly understand its purpose, or crossout any part of the form they do not want applied to their care, or change their mind about any treatment for which they have previously given consent and be informed of the medical consequences of this action

Receive Health Plan Information— Members will

- receive information about their health plan, its services, its physicians, other health care professionals, facilities, clinical guidelines and member rights and responsibilities statements; and collection, use, and disclosure of PHI
 - know by name, title, and organization the physicians, nurses or other health care professionals providing care
 - receive information about medications (what they are, how to take them and possible side effects) and pharmacy benefit information (effective date of formulary change, new drugs available, or recalled medications)
 - receive clear information regarding benefits and exclusions of their policy, how medical treatment decisions are made/authorized by the health plan or contracted medical groups, payment structure, and the right to approve the release of information
 - be advised if a practitioner proposes to engage in experimentation affecting care or treatment. The member may have the right to refuse to participate in such research
- be informed of policies regarding Advance Directives (living wills) as required by state and federal laws

Members Solve Problems in a Timely Manner by

- presenting questions, concerns or complaints to a customer service specialist without discrimination and expect problems to be fairly examined and appropriately addressed
- voicing concerns or complaints to Optima Health about their health plan, if the care provided was inadequate, or feel their rights have been compromised. This includes the right to appeal an action or denial and the process involved
- making recommendations regarding the health plan members rights and responsibilities policies

Member Rights and Responsibilities, continued

Member Responsibilities

In addition to their rights, Optima Health plan subscribers and their enrolled dependents have the responsibility:

- to identify themselves, and their family members as an Optima Health enrollee and present their identification card(s) when requesting healthcare services.
- to be on time for appointments and contact the physician or other healthcare personnel at once if there is a need to cancel or if they are going to be late for an appointment. If the physician, other healthcare personnel or facility, has a policy assessing charges regarding late cancellations or “no shows”, the member will be responsible for such charges.
- to provide information about their health to physicians and other health care professionals so they may provide appropriate medical care.
- to actively participate and understand improving their health condition(s) by following the plans and instructions for care and treatment goals that they agreed upon with the physician or healthcare professional.
- to act in a manner that supports the care provided to other patients and the general functioning of the office or facility.
- to review the employee handbook and Plan documentation:
 - to make sure the services are covered under the plan,
 - to approve release of information and have services properly authorized before receiving medical attention,
 - to follow proper procedures for illness before and after business hours, and
 - for materials concerning health benefits (e.g. UM issues) and educate other covered family members.
- to accept financial responsibility for any copayment or coinsurance associated with services received while under the care of a physician or other healthcare professional or while a patient at a facility.
- to contact Optima Health if they have concerns, or if they feel their rights have been compromised.

For questions, concerns, or additional information, please visit www.optimahealth.com or contact member services at the number on the back of your member ID card. TDD/TTY services and language assistance are available.

Code of Federal Regulations. Revised as of July 2018. 42 C.F.R. §§ 489.102, 422.128, and 438.6(i)(1). Retrieved from gpo.gov/. National Committee for Quality Assurance (NCQA) (2018). Standards and Guidelines for the Accreditation of Health Plans. 2019 HP Standards and Guidelines. Washington, DC

Advance Directives

Federal Law requires Optima Health to provide enrolled members 18 years of age or older the opportunity to make decisions concerning their right to accept or refuse medical or surgical treatment and their right to formulate written instructions called an Advance Directive.

An Advance Directive consists of three parts: a living will, designation of healthcare agent, and wishes regarding anatomical gift or organ donation. Advance Directives are recognized under State Law and Federal Law and are to provide for the wishes of individuals who are unable to make medical care decisions on their own.

The law requires that the care you receive from any Plan provider will not be affected by your making (or not making) an Advance Directive, unless your Advance Directive states that medical care should not be given to you.

In compliance with Federal Law, Optima Health is providing you with information about the Patient Self-Determination Act. The following is a summary of our policies regarding patients' rights and Advance Directives. It means you have a chance to make important life choices. You may never need to exercise these choices, but making them ahead of any event can give peace of mind to you and your family.

You may want to take this opportunity to discuss and document your wishes with your family, attorney, and/ or a close friend. It is also important to talk with your Plan doctor about your choices, so he or she is informed and understands your wishes.

We will gladly send you an advance care planning guide, which tells more about Advance Directives, and information on a Virginia living will, designation of healthcare agent, and wishes regarding anatomical gift or organ donation form.

If you have an Advance Directive, take a copy of the member statement to your next Plan doctor appointment. You may download an Advance Directive from optimahealth.com/members. If you would like more information, call Member Services at the number on the back of your member ID card.

Summary of Policies on Patient Rights and Advance Directives

Purpose

This policy is intended to enable Optima Health to comply with the Patient Self-Determination Act. The purpose of the act is to protect each adult patient's right to participate in healthcare decision making to the maximum extent of his or her ability and to prevent discrimination based on whether the patient has executed an Advance Directive for healthcare.

Practice Statement

Optima Health supports a patient's right to participate in healthcare decision making. Through education and inquiry about Advance Directives, this health plan will encourage patients to communicate their healthcare preferences and values to others. Such communication will guide others in healthcare decision making for the patient if the patient is incapacitated.

Advance Directives, continued

Procedures

At enrollment, you will be provided information about your rights under Virginia law to:

- make decisions about your medical care, including your right to accept or refuse medical and surgical treatment
- make an Advance Directive, such as a living will or durable power of attorney for healthcare, if you choose to do so

You will be asked if you have made an Advance Directive.

- If you have, you will need to give this form to your plan doctor so it will be made part of your medical record. You will need to keep an additional copy for yourself.
- If you have not, and wish to do so, you will be provided additional information upon request in order to make an Advance Directive.
- You will be encouraged to discuss your Advance Directive with your family, plan doctor, clergy, attorney, or a close friend.

If you do not have an Advance Directive, do not want to make one, and do not want more information, you will not be asked any more questions.

You may revoke your Advance Directive at any time in writing or by oral declaration. Your making (or not making) an Advance Directive will not affect the care you receive from any plan provider, unless your Advance Directive states that medical care should not be given to you. Your Advance Directive will be followed unless it requests medical care that is inappropriate, unethical, or is of no medical benefit or harmful to you.

If your plan doctor is unwilling to comply with your Advance Directive, or with the decision of a person you designate to make decisions for you, he or she will make a reasonable effort to transfer your care to another plan doctor within 14 days. During this period, your plan doctor must continue any life-sustaining care.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

“Out-of-network” describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Please also see the Virginia notice for information on state specific protections against balance billing.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing.

You also aren't required to get care out-of-network.

You can choose a provider or facility in your plan's network.

Your Rights and Protections Against Surprise Medical Bills, continued

Please also see the Virginia notice for information on state specific protections against balance billing.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may use the following contact information for help at the federal level:

Employee Benefits Security Administration (EBSA) Toll-Free Hotline at 1-866-444-EBSA (3272) or visit the DOL's website (www.dol.gov/ebsa). In addition, information from HHS on private health insurance coverage and coverage provided by nonfederal governmental group health plans can be found on the Centers for Medicare & Medicaid Services (CMS) website (www.cms.gov/ccio), and information on health care reform can be found at www.HealthCare.gov.

Please also see the Virginia notice for information on state specific protections against balance billing. You can file a complaint with the State Corporation Commission's (SCC) Bureau of Insurance. To contact the SCC for questions about this notice visit: scc.virginia.gov or call: 1-877-310-6560.

Balance Billing Protection for Out-of-Network Services

Starting January 1, 2021, Virginia state law may protect you from "balance billing" when you get:

- *EMERGENCY SERVICES* from an out-of-network hospital, or an out-of-network doctor or other medical provider at a hospital
- *NON-EMERGENCY SURGICAL OR ANCILLARY SERVICES* from an out-of-network lab or health care professional at an in-network hospital, ambulatory surgical center or other health care facility

What is balance billing?

- An "IN-NETWORK" health care provider has signed a contract with your health insurance plan. Providers who haven't signed a contract with your health plan are called "OUT-OF-NETWORK" providers.
- In-network providers have agreed to accept the amounts paid by your health plan after you, the patient, has paid for all required cost sharing (copayments, coinsurance, and deductibles for covered services).

Your Rights and Protections Against Surprise Medical Bills, continued

- But, if you get all or part of your care from out-of-network providers, you could be billed for the difference between what your plan pays to the provider and the amount the provider bills you. This is called balance billing.
- The new Virginia law prevents certain balance billing, *but it does not apply to all health plans.*

Applies	May Apply	Does Not Apply
<ul style="list-style-type: none"> • fully insured managed care plans, including those bought through Healthcare.gov • the state employee health plan • group health plans that opt-in 	<ul style="list-style-type: none"> • employer-based coverage • health plans issued to an employer outside virginia • short-term limited-duration plans 	<ul style="list-style-type: none"> • health plans issued to an association outside Virginia • health plans that do not use a network of providers • limited benefit plans

How can I find out if I am protected?

Be sure to check your plan documents or contact your health plan to find out if you are protected by this law. When you schedule a medical service, ask your health care provider if they are in-network. Insurers are required to tell you (on their websites or on request) which providers are in their networks. Hospitals and other health care providers also must tell you (on their websites or on request) which insurance plans they contract with as in-network providers. Whenever possible, you should use in-network providers for your health care to avoid paying more.

After you receive medical services, your health plan will send you an “Explanation of Benefits” (EOB) that will tell you what you must pay the provider. Save the EOB and check that any bills you receive are not more than the amount listed.

When you *cannot* be balance billed:

If the new law applies to your health plan, an out-of-network provider can no longer balance bill or collect more than your plan’s in-network cost-sharing amounts for either: (1) emergency care, or (2) when you receive lab or professional services (like surgery, anesthesiology, pathology, radiology, and hospitalist services) at an in-network facility.

What should I know about these situations?

Your cost-sharing amount will be based on what your plan usually pays an in-network provider in your area. These payments must count toward your in-network deductible and out-of-pocket limit. If the out-of-network provider collects more than this from you, the provider must refund the excess with interest.

Exception: If you have a high-deductible health plan with a Health Savings Account (HSA) or a catastrophic health plan, you must pay any additional amounts your plan is required to pay to the provider, up to the amount of your deductible.

What if I am billed too much?

If you are billed an amount more than your payment responsibility shown on your EOB, or you believe you’ve been wrongly billed, you can file a complaint with the State Corporation Commission’s (SCC) Bureau of Insurance.

To contact the SCC for questions about this notice visit scc.virginia.gov or call: 1-877-310-6560.

Resolving Member Grievances, Complaints, and Appeals of Adverse Benefit Determinations

If you have a problem or concern about Optima Health and/or the quality of care, services, and/or policies and procedures of Optima Health, call member services at the number on the back of your member ID card.

An internal or external appeal is expedited if a member's life, health, or the ability to regain maximum function is in jeopardy, or if a physician believes a member would be subjected to severe pain that could not be adequately managed without the requested care or treatment.

Optima Health has a formal grievance and complaint process that allows your concern to be addressed with the appropriate department or persons within Optima Health. You can file a complaint within 180 days from the date of your concern or services. We will review your complaint as quickly as possible and notify you of how it will be resolved.

If your concern involves an adverse benefit determination, such as a denial of pre-authorization, denial of a covered service or denial of a claim, Optima Health has a formal internal appeals process. You may choose to have another individual or your doctor file an appeal on your behalf. You can download an appeal packet from the Manage My Plan section on optimahealth.com/members or contact member services to initiate an internal appeal.

We will notify you of the decision on your appeal in writing. If you are not satisfied with the internal appeal decision, an external appeal may be available. Please note that if your coverage denial involves the treatment of cancer you do not have to file an internal appeal before filing an external appeal. You can submit a request for external review to the Virginia State Corporation Commission's Bureau of Insurance:

State Corporation Commission

EXCLUSIONS AND LIMITATIONS

Vantage Products

The following is a list of Exclusions and Limitations that generally apply to all Optima Health plans. Once you are an enrolled member please refer to your Plan documents for the Exclusions and Limitations specific to your plan.

This chapter lists services that are not covered. Services mean both medical and behavioral health (mental health) services and supplies unless We specifically tell You otherwise. We do not cover any services that are not listed in the Covered Services section unless required to be covered under state or federal laws and regulations. We do not cover any services that are not Medically Necessary. We sometimes give examples of specific services that are not covered but that does not mean that other similar services are covered. Some services are covered only if We authorize them. When We say You or Your We mean You and any of Your family members covered under the Plan. Call Member Services if You have questions.

A

Abortion is covered in the first 12 weeks of pregnancy. After 12 weeks abortion is covered if the mother's life is at risk, if there are major fetal abnormalities, or in the case of rape or incest.

Administrative Charges or fees are not Covered including charges or costs for:

- Completion of claim or other forms;
- Transfer or copy of medical records or reports;
- Access or concierge fees;
- Missed appointments;
- Routine telephone calls;
- Other clerical charges.

Alternative Medicine services are not Covered including:

- Acupuncture;
- Holistic medicine
- Homeopathic medicine;
- Hypnosis;
- Aromatherapy;
- Massage and massage therapy;
- Reiki therapy;
- Herbal, vitamin or dietary products or therapies;
- Naturopathy;
- Thermography;
- Orthomolecular therapy;
- Contact reflex analysis;
- Bioenergetic synchronization technique (BEST);
- Iridology-study of the iris;
- Auditory integration therapy (AIT);
- Colonic irrigation.

Non-emergency **air, ground, water, or other Ambulance transport** services are not Covered unless authorized by Us.

Non-medical **Ancillary Services** are not Covered including:

- Vocational rehabilitation services;
- Employment counseling;
- Relationship counseling for unmarried couples;
- Pastoral counseling;
- Expressive therapies;
- Health education.

General **Anesthesia** in a Physician's office is not Covered.

Autopsies are not Covered.

B

Batteries are not Covered except for use in:

- Motorized wheelchairs;
- Left ventricular assist device (LVAD);
- Cochlear implants.

Biofeedback and neurofeedback therapies and related testing are not Covered unless We authorize services.

Birthing Center Services are Covered at contracted facilities only.

Searches for **Blood Donors** are not Covered.

Transportation or storage of **blood** is not Covered.

Bone Densitometry Studies more than once every two years are not Covered unless We authorize additional services.

Bone or Joint treatment is not Covered unless Medically Necessary to restore normal function of the joint or bone.

Botox injections are not Covered unless We have approved them.

Breast Augmentation (enlargement) or Breast Mastopexy (reduction) is not Covered unless We authorize services. Cosmetic procedures or surgery for breast enlargement or reduction are not Covered. Procedures for correction of cosmetic physical imperfections are not Covered. Breast implants are not Covered. This does not apply to procedures required by State or Federal law for breast reconstruction and symmetry following mastectomy.

Breast Ductal Lavage is not Covered.

Breast Milk from a donor is not Covered.

C

Chelation Therapy is not Covered except as treatment for arsenic, copper, iron, gold, mercury or lead poisoning.

Chiropractic Care is not a Covered Service unless Your Plan includes a rider.

Chiropractic care means diagnosis, correction, and management of vertebral subluxations or neuromusculoskeletal conditions.

Complications of Non-Covered Services are not Covered. This includes care needed as a direct result of a non-covered service when without the non-covered service, care would not have been needed.

Contact Lenses are not Covered Services. Fitting of lenses or eyeglasses is not Covered. However, the first pair of lenses following cataract surgery including contact lens, or placement of intraocular lens or eyeglass lens only are Covered Services.

Cosmetic Surgery and Cosmetic Procedures are not Covered. Medical, surgical, and mental health services for, or related to, cosmetic surgery or cosmetic procedures are not Covered. Emotional conflict or distress does not cause a service or procedure to be Medically Necessary. **The following are also not Covered Services:**

- Services to preserve, change or improve how a person looks;
- Services to change the texture or look of skin, the size, shape or look of facial or body features;
- Surgery, reconstructive surgery, or other procedures that are cosmetic and not Medically Necessary to restore function or alleviate symptoms which can effectively be treated non-surgically;
- Any service or supply that is a direct result of a non-covered service;
- Non-medically necessary treatment or services resulting from complications due to cosmetic experimental procedures;
- Breast augmentation or mastopexy procedures for correction of cosmetic physical imperfections, except as required by state or federal law regarding breast reconstruction and symmetry following mastectomy;

- Tattoo removal;
- Keloid treatment as a result of the piercing of any body part;
- Consultations or office visits for obtaining cosmetic or experimental procedures;
- Penile implants; or
- Vitiligo **or other cosmetic skin condition** treatments by laser, light or other methods.

Costs of Services paid for by Another Payor are not Covered Services. We do not cover the cost of services, which are or may be covered through a group insurance mechanism or governmental program, such as Workers Compensation, occupational disease laws and other employers' liability laws. If You have the cost of services denied by one of the above insurance programs, the Plan will only consider payment of covered services in those cases where You received services in accordance with the Plan's authorization procedures. We will not cover the cost of services that were denied by the above insurance programs for failure to meet administrative or filing requirements.

Court ordered examinations or treatments and Temporary Detention Orders (TDOs) are not Covered Services unless they are determined to be Medically Necessary and are listed as a Covered Service under the Plan.

Custodial Care is not a Covered Service including, but not limited to the following::

- Residential care;
- Rest cures;
- Care from institutions or facilities licensed solely as residential treatment centers, intermediate care facilities, or other non-skilled sub-acute inpatient settings; or
- Examination or care ordered by a court of law not authorized by the Plan to be provided at a Plan Provider.

D

Dentistry/Oral Surgery/Dental Care.

- Treatment of natural teeth due to disease;
- Routine dental care;
- Routine dental X-rays;
- Dental supplies;
- Extraction of erupted or impacted wisdom teeth except to prepare the mouth for medical services and treatments;
- Oral surgeries or periodontal work on the hard and/or soft tissue supporting the teeth to help support structures;
- Periodontal, prosthodontal, or orthodontic care;
- Cosmetic services to restore appearance;
- Restorative services and supplies necessary to treat, repair or replace sound natural teeth;
- Dental implants or dentures and preparation work;
- Dental services performed in a Hospital or any outpatient facility. This does not include Covered Services listed under "Hospitalization and Anesthesia for Dental procedures."
- Oral surgery which is part of an orthodontic treatment program;
- Orthodontic care.

Driver Training is not a Covered Service.

Drugs for certain clinical trials are not Covered Services. This includes drugs paid for directly by the clinical trial or another payor.

E

Electron Beam Computer Tomography (EBCT) is not a Covered Service. Other diagnostic imaging tests where there is insufficient scientific evidence of the test's safety or efficacy in improving clinical outcomes are not Covered Services.

The following **Educational services** are not Covered Services:

- Self-training services;
- Vocational training;
- Tutorial services or testing required to complete Educational, degree or residency requirements;
- Testing or screening services for classroom performance except when services qualify as Early Intervention Services.

Enteral or Parenteral Feeding supplements are not Covered Services unless included under the Plan's benefit for Medically Necessary Formula and Enteral Nutrition Products. Over-the-counter supplements, over-the-counter infant formulas, or over-the-counter medical foods are not Covered Services.

Examinations, testing or treatment required for employment, insurance, or judicial or administrative proceedings are not Covered Services.

Experimental or Investigative drugs, devices, treatments, or services are not Covered Services. **Experimental or Investigative means any of the following situations:**

- The majority of the medical community does not support the use of this drug, device, medical treatment or procedure; or
- The use of this drug, device, medical treatment or procedure may have been shown to be unsafe and/or of no or questionable value as reported by current scientific literature and/or regulatory agencies; or
- The research regarding this drug, device, medical treatment or procedure may be so limited that an evaluation of safety and efficacy cannot be made; or
- The drug or device is not approved for marketing by the United States Food and Drug Administration (FDA); or
- The drug, device, medical treatment or procedure is currently under study in a **Non-FDA approved** Phase I or Phase II clinical trial, an experimental study/investigational arm of a Phase III clinical study, or otherwise under study to determine safety and efficacy or to compare its safety and efficacy to current standards of care; or
- The drug, device, medical treatment or procedure is classified by the FDA as a Category B Non-experimental/investigational drug, device, or medical treatment or procedure.

Eye examinations, surgery, and other services are not Covered Services including:

- Corrective or protective eyewear required for work;
- Eye exercise training;
- Eye Movement Desensitization and Reprocessing Therapy;
- Eye Corrective Surgery such as Radial Keratotomy, PRK, or LASIK.

Eye Glasses and contact lenses are not Covered Services unless the plan includes a rider for vision materials. Fitting of lenses or eyeglasses is not a Covered Service except for the first pair of lenses following cataract surgery including contact lenses, or placement of intraocular lenses or eyeglass lenses only.

F

Services provided, prescribed, ordered, or referred by Yourself or by a member of Your immediate **family**, including Your spouse, child, brother, sister, parent, in-law are not Covered Services.

The following **Foot Care Services** are not **Covered Services** except for Members with Diabetes or severe vascular problems:

- Removal of corns or calluses;
- Nail trimming;
- Treatment and services for or from flat-feet, fallen arches, weak feet, or chronic foot strain;
- Foot Orthotics of any kind;
- Customized or non-customized shoes, boots, and inserts.

G

Genetic Testing and Counseling are not Covered Services unless We have authorized the services. Counseling is a Covered Service only as part of the approved genetic test unless considered preventive care.

Growth Hormones are only Covered Services under the Plan's Outpatient Prescription Drug Rider. Growth hormones for the treatment of idiopathic short stature are not Covered Services.

H

Hearing Aids and related services are not covered unless Your Plan has a rider. Non-covered services include:

- Examinations for fitting and molds;
- Hearing aid batteries except for cochlear implants;
- Other hearing aid supplies or repair services.

Home Births are not a Covered Service.

Home Health Care Skilled Services are not Covered Services unless You are homebound, physically unable to seek care on an outpatient basis, or service is provided in lieu of inpatient hospitalization. Services or visits are limited as stated on Your Plan's Face Sheet or schedule of benefits. We do not cover any services after You have reached Your Plan's limit. We only cover services or supplies listed in Your home health care plan. Custodial Care is not a Covered Service.

Hospital Services listed below are not Covered Services:

- Guest meals;
- Telephones, televisions, and other convenience items;
- Private inpatient Hospital rooms unless You need a private room because You have a highly contagious condition or are at greater risk of contracting an infectious disease because of Your medical condition;
- Care by interns, residents, house Physicians, or other facility employees that are billed separately from the facility.

Hypnotherapy is not a Covered Service.

I

Immunizations required for foreign travel or for employment are not Covered Services.

Incarceration - Services and treatments done during **Incarceration** in a Local, State, Federal or Community Correctional Facility or prison are not Covered Services.

Unless listed as a Covered Service in this EOC, or under a Rider, **Infertility Services** listed below are not Covered Services:

- Services, tests, medications, and treatments for the diagnosis or treatment of Infertility not listed as a Covered Service;
- Services, tests, medications, and treatments for the enhancement of conception;
- In-vitro Fertilization programs;

- Artificial insemination or any other types of artificial or surgical means of conception;
- Drugs administered in connection with infertility procedures;
- GIFT/ZIFT programs;
- Reproductive material storage;
- Treatment or testing related to sexual organ function, dysfunction or inadequacies, including but not limited to, impotency;
- Semen recovery or storage,
- Sperm washing;
- Services to reverse voluntary sterilization;
- Infertility Treatment or services from reversal of sterilization;
- Drugs used to treat infertility;
- Surrogate pregnancy services when the person is not covered under Your Plan.

J

K

Keloids from body piercing or pierced ears are not Covered Services.

L

Laboratory Services from Non-Plan providers or laboratories are not Covered Services.

This exclusion does not apply to Covered Services provided by a Non-Plan provider during an Emergency, or during an authorized Admission to an Plan Facility.

Long-Term Custodial Nursing Home Care is not a Covered Service.

M

Massage Therapy is not a Covered Service unless provided as part of an approved medical therapy program.

Matristem Extracellular Wound Care System is not a Covered Service.

Measurement of Ocular Blood Flow by Tonometer Repetitive IOP is not a Covered Service.

Medical Equipment, Services, Exercise equipment, Devices and Supplies that are disposable, available over the counter, or mainly for convenience are not Covered Services. **The following are not Covered Services:**

- Adaptations to Your home, car, van, other vehicle or office;
- Bicycles, treadmills, stair climbers, and other exercise equipment;
- Free weights, exercise videos and other training equipment;
- Air conditioners, purifiers, humidifiers and dehumidifiers;
- Whirlpool baths;
- Hypoallergenic pillows or bed linens;
- Under pads and diapers;
- Telephones;
- Televisions;
- Handrails, ramps, elevators, escalators, and stair glides;
- Orthotics not approved by Us;
- Adaptive feeding devices;
- Adaptive bed devices;
- Water filters or purification devices;
- Disposable Medical Supplies such as medical dressings and disposable diapers;
- Over the counter supplies, such as bandages, tape, gauze pads, alcohol, iodine, and peroxide;
- Heating pads, thermometers, pulse ox meters;

- Raised toilet seats;
- Shower chairs;
- Waterbeds;
- Pools, hot tubs, or spas;
- Pool, gym or health club membership fees;
- Personal trainers or other fitness instruction;
- Ice bags;
- Chairs or recliners;
- Other personal comfort or over the counter hygienic items.

Mobile Cardiac Outpatient Telemetry (MCOT) is not a Covered Service.

Morbid Obesity treatment including gastric bypass surgery, other surgeries, services or drugs are not Covered Services unless Your plan includes a rider, and services have been **authorized by the Plan for Members who meet established criteria.**

Motorized or Power Operated Vehicles or chair lifts are not Covered Services unless authorized by the Plan. This does not include wheelchairs or scooters.

N

Neuro-cognitive therapy is not a Covered Service.

Newborns or other children of a Covered Dependent Child are not Covered Persons under the Plan unless mutually agreed to by the Plan and the Group.

Nutritional and/or dietary supplements, except as required by law, are not Covered Services. Nutritional formulas and dietary supplements that are available over-the-counter and do not require a written prescription are not Covered Services.

O

Orthoptics or vision or visual training and any associated supplemental testing are not Covered Services except when Medically Necessary for treatment of convergence and insufficiency. Pre-authorization is required.

For Optima Health Vantage Plans:

Services or treatment You receive from **Out-of-Network Non-Plan Providers** will not be Covered except in the following situations:

- During treatment at an In-Network Hospital or other In-Network facility You receive Covered Services from a Non-Plan Provider;
- You receive Emergency Care from an Out-of-Network Non-Plan Provider.

For Optima Health POS and Patient Optional Point of Service plans:

Services or treatment You receive from **Out-of-Network Non-Plan Providers** will be Covered under Out-of-Network benefits, except in the following situations:

- If during treatment at an In-Network Hospital or other In-Network Facility You receive Covered Services from an Out-of-Network Non-Plan Provider those services will be Covered under the Plan's In-Network benefits. Members are responsible for In-Network cost sharing credited toward In-Network Deductibles and maximum Out-of-Pocket Amounts;
- Emergency Services received from Out-of-Network Non-Plan Facilities and Providers will be Covered under the Plan's In-Network benefits. Members are responsible for In-Network cost sharing credited toward In-Network Deductibles and maximum Out-of-Pocket Amounts.

P

PARS System (Physical Activity Reward System) is not a Covered Service.

Pass Devices (Patient Activated Serial Stretch) are not a Covered Service.

Paternity Testing is not a Covered Service.

Penile implants are not a Covered Service.

Physician Examinations are limited as follows:

- Physicals for employment, insurance or recreational activities are not Covered Services.
- Executive physicals are not Covered Services.
- A second opinion from a Non-Plan Provider is a Covered Service only when authorized by the Plan. A second opinion by a Plan Provider does not require authorization.
- Services or supplies ordered or done by a provider not licensed to do so are not Covered Services.

Outpatient **Prescription Drugs** are not Covered Services unless Your Plan includes a rider.

Private Duty Nursing is not a Covered Service.

Prosthetics for sports or cosmetic purposes are not a Covered Service.

Non-covered **Providers** and services including massage therapists, physical therapist technicians, and athletic trainers.

Pulsed Irrigation Evacuation System is not a Covered Service.

Q

R

Reconstructive surgery is not a Covered Service unless Medically Necessary and surgery follows trauma which causes anatomic functional impairment, or is needed to correct a congenital disease or anomaly which has resulted in a functional defect. Emotional conflict or distress does not constitute Medical Necessity. Breast reconstruction following mastectomy is a Covered Service.

Remedial Education and Programs are not Covered Services. Services which are extended beyond the period necessary for the evaluation and diagnosis of learning and behavioral disabilities **are not Covered Services.**

Residential treatment center care or care in another non-skilled setting are not Covered Services unless the treatment setting qualifies as a substance use disorder treatment facility licensed to provide continuous, structured, 24-hour a day program of drug or alcohol treatment and rehabilitation including 24-hour a day nursing care, and services are not merely custodial, residential, or domiciliary in nature.

S

Second Opinions from Plan providers do not require authorization. A second opinion from a Non-Plan provider is a Covered Service only when a Plan provider is not available and authorized by the Plan.

Services – The following are not Covered Services:

- Services that are not Medically Necessary;
- Services not listed as Covered under the Plan;
- Services not described, documented or supported in Your medical records;
- Services required for employment or continued employment;
- Services prescribed, ordered, referred by or given by an immediate family member;
- Services for which a charge is not normally made;

- Services or supplies prescribed, performed or directed by a provider not licensed to do so;
- Services provided before Your Plan effective date;
- Services provided after Your Coverage ends;
- Services after a benefit limit has been reached;
- Virtual Consults except when provided by Optima Health approved providers;
- Services or supplies that are a direct result of a non-covered service.

Skilled Nursing Facility (SNF) stays are not covered unless authorized by the Plan.

The following services are not Covered:

- Custodial or domiciliary care;
- Rest care;
- Education or similar services;
- Private rooms unless Medically Necessary.

Spinal Manipulation is not a Covered Service unless covered under a Chiropractic Care Rider.

T

Charges for non-interactive **Telemedicine Services** such as fax, telephone only conversations, email, or online questionnaire are not Covered Services under the Plan's Telemedicine benefits.

Temporomandibular Joint Treatment fixed appliances or removable appliances which move or reposition the teeth, fillings, or prosthetics (crowns, bridges, dentures) are not Covered Services.

Therapies. Physical, Speech, and Occupational **Therapies** are limited as stated on Your schedule of benefits. Therapies will be Covered Services only to the extent of restoration to the level of the pre-trauma, pre-illness or pre-condition status. **The following are not Covered Services except for those services that are listed under Early Intervention Services or under Autism Spectrum Disorder:**

- Therapies for developmental delay or abnormal speech pathology;
- Therapies which are primarily educational in nature;
- Special education services;
- Treatment of learning disabilities;
- Group speech therapy programs;
- Lessons for sign language;
- Therapies to correct an impairment resulting from a functional or developmental nervous disorder (i.e. stuttering, stammering);
- Therapies to maintain current status or level of care;
- Restorative therapies to maintain chronic level of care;
- Therapies available in a school program;
- Therapies available through state and local funding;
- Recreational or nature therapies;
- Art, craft, dance, or music therapies;
- Exercise, or equine therapies;
- Sleep therapies;
- Driver evaluations as part of occupational therapy;
- Driver training;
- Functional capacity testing needed to return to work;
- Work hardening programs; or
- Remedial education and programs.

Total Body Photography is not a Covered Service.

Transplant Services -The following are not Covered Services:

- Organ and tissue transplant services not listed as a Covered Service;
- Organ and tissue transplants not Medically Necessary;
- Organ and tissue transplants considered Experimental or investigative;
- Services from non-contracted providers unless pre-authorized by the Plan;
- Travel and lodging services not approved by the Plan including child care, mileage, and rental cars;
- Services and supplies for organ donor screenings, searches and registries; or
- Services related to donor complications following an approved transplant are limited to Medically Necessary charges, not covered by any other source, for up to six weeks from the date of procurement;
- **Donor Benefits** are not Covered Services if the covered individual is donating an organ to a non-covered member.

Transportation services that are not Emergency Services are Covered Services only when approved and authorized by Us.

Travel, Lodging and other Transportation expenses are not Covered Services unless approved and authorized by Us.

Treatment and services, other than Emergency Services, received while **traveling outside of the United States of America** are not Covered Services.

U

Urea Breath Testing is not a Covered Service.

V

Treatment of **varicose veins** or **telangiectatic dermal veins** (spider veins) for cosmetic purposes are not Covered Services.

Video Recording or Video Taping of any service or procedure is not a Covered Service.

Virtual Colonoscopy is not a Covered Service unless approved by the Plan.

Virtual Consults do not include the following:

- Electronic mail message;
- Facsimile transmission; or
- Online questionnaire.

Vitiligo Treatment by laser, light or other methods is not a Covered Service.

W

Wigs or cranial prostheses for hair loss for any reason are not Covered Services.

Wisdom Teeth extraction is not a Covered Service unless under a rider.

Work-related injuries or diseases when the employer must provide benefits or when that person has been paid by the employer are not Covered Services.

Z

OUTPATIENT PRESCRIPTION DRUG EXCLUSIONS AND LIMITATIONS

The following is a list of Exclusions, Limitations and other conditions that apply to Your drug benefit. Please also see the Plan Schedule of Benefits for Member cost sharing and other Coverage terms.

Limitations

- Amounts You pay for any outpatient prescription drug after a benefit Limit has been reached, or for any outpatient prescription drug that is excluded from Coverage will not count toward any Plan Maximum Out-of-Pocket Limit.
- Over-the-Counter (OTC) medications that do not require a Physician's authorization by state or federal law and any prescription that is available as an OTC medication are excluded from Coverage. However, the Plan may approve Coverage of limited quantities of an OTC drug. You must have a Physician's prescription for the drug, and the drug must be included on the Plan's list of covered Preferred and Standard drugs.
- Unless required by law, certain Prescription Drugs may not be Covered under the Plan if You could use a "clinically equivalent drug." "Clinically equivalent drug" means a drug that for most individuals will give You similar results for a disease or condition. If You have questions about whether a certain drug is covered by the Plan please call the Member Services number on the back of Your Optima Identification card. If You or Your doctor believes You need to use a different Prescription Drug, please have Your doctor contact Us. If We agree that it is Medically Necessary and appropriate We will cover the other Prescription Drug instead of the "clinically equivalent drug" at the non-preferred tier.
- Our formulary is a list of FDA-approved medications that We cover. At its sole discretion, the Optima Health Pharmacy and Therapeutics Committee reviews medications for placement onto the formulary. The Plan's Pharmacy and Therapeutics Committee is composed of Physicians and pharmacists. For all drugs, including new drugs, the committee looks at the medical literature and then evaluates whether to add or remove a drug from the formulary. Efficacy, safety, cost, and overall disease cost are factors that are taken into consideration.
- Any Plan maximum benefit does not apply to Physician prescribed diabetic supplies covered under the Plan's prescription drug benefit or the Plan's medical benefit.
- Synchronization of Medication. For prescription drugs Covered under the Plan We will permit and apply a prorated daily cost sharing rate to prescriptions that are dispensed by an In-Network pharmacy for a partial supply if the prescribing provider or the pharmacist determines the fill or refill to be in the best interest of the Member, and the Member requests or agrees to a partial supply for the purpose of synchronizing the Member's medications. Proration will not occur more frequently than annually. The Plan will not deny Coverage for the dispensing of a medication by an In-Network pharmacy on the basis that the dispensing is for a partial supply if the prescribing provider or the pharmacist determines the fill or refill is in the best interest of the enrollee and the enrollee requests or agrees to a partial supply for the purpose of synchronizing the Member's medications.
- Intrauterine devices (IUDs), implants, and cervical caps and their insertion are covered under the Plan's medical benefits.
- Covered Food and Drug Administration (FDA) approved tobacco cessation medications (including both prescription and over-the-counter medications) are limited to two 90-day courses of treatment per year when prescribed by a health care provider.

For Optima Health Plans with Open Formulary Plans: **Prescription Drug Coverage Exclusions**

The following is a list of exclusions that apply to Your drug benefit.

1. Medications that do not meet the Plan's criteria for Medical Necessity are excluded from Coverage.
2. Medications with no approved FDA indications are excluded from Coverage.
3. Ancillary charges which result from a request for a brand name outpatient prescription drug when a generic drug is available are excluded from Coverage and do not count toward any Plan Maximum Out-of-Pocket Limit.
4. All compounded prescriptions require prior authorization and must contain at least one prescription ingredient. Compound prescription medications with ingredients not requiring a Physician's authorization by state or federal law are excluded from Coverage.
5. Non-durable disposable medical supplies and items such as bandages, cotton swabs, hypodermic needles, and durable medical equipment not listed as covered are excluded from Coverage.
6. Immunization agents, biological sera, blood, or blood products are excluded from Coverage.
7. Injectables (other than those self-administered and insulin) are excluded from Coverage, unless authorized by the Plan.
8. Medication taken or administered to the Member in the Physician's office is excluded from Coverage, unless authorized by the Plan.
9. Medication taken or administered in whole or in part, while a Member is a patient in a licensed Hospital is excluded from Coverage.
10. Medications for cosmetic purposes only, including but not Limited to Retin-A for aging, are excluded form Coverage.
11. Medications for experimental indications and/or dosage regimens determined by the Plan to be experimental are excluded from Coverage.
12. Therapeutic devices or appliances, including but not limited to support stockings and other medical/non-medical items or substances, regardless of their intended use are excluded form Coverage.
13. Drug charges exceeding the cost for the same drug in a conventional packaging (i.e., convenience packages, unit doses, blister packs, etc.) are excluded form Coverage.
14. Drugs with a therapeutic over-the-counter (OTC) equivalent are excluded form Coverage.
15. Certain off-label drug usage is excluded from Coverage unless the use has been approved by the Plan.
16. Compound drugs are excluded from Coverage when alternative products are commercially available.
17. Cosmetic health and beauty aids are excluded form Coverage.
18. Drugs purchased from Non-Plan Providers over the internet are excluded from Coverage.
19. Drugs purchased through a foreign pharmacy are excluded from Coverage unless approved by the Plan for an emergency while traveling out of the country.
20. Flu symptom drugs are excluded form Coverage unless approved by the Plan.
21. Human growth hormone for the treatment of idiopathic short stature are excluded from Coverage.
22. Over the counter medical foods are excluded from Coverage under the pharmacy benefit.
23. Drugs not meeting the minimum levels of evidence based on one or more of the following standard reference compendia are not Covered Services:

- a. American Hospital Formulary Service Drug Information;
 - b. National Comprehensive Cancer Network's Drugs & Biologics Compendium; or
 - c. Elsevier Gold Standard's Clinical Pharmacology.
24. Minerals, fluoride, and vitamins are excluded from Coverage unless determined to be Medically Necessary to treat a specifically diagnosed illness or when included under ACA Recommended Preventive Care.
 25. Non-Sedating antihistamines are excluded from Coverage.
 26. Pharmaceuticals approved by the FDA as a medical device are excluded from Coverage.
 27. Drugs used to inhibit and/or suppress drowsiness, sleepiness, tiredness, or exhaustion, unless authorized by the Plan.
 28. Prescriptions written by a licensed dentist are excluded from Coverage, except for the prevention of infection or pain in conjunction with a Covered dental procedure.
 29. Raw powders or chemical ingredients are excluded from Coverage unless approved by the Plan or submitted as part of a compounded prescription.
 30. Sexual dysfunction drugs are excluded from Coverage.
 31. Travel related medications, including preventive medication for the purpose of travel to other countries are excluded from Coverage.
 32. Infertility drugs are excluded from Coverage.
 33. Prescription or over the counter appetite suppressants and any other prescription or over the counter medication for weight loss are excluded from Coverage.
 34. Abortifacient drugs that cause abortions are not covered.

For Optima Health Plans with Standard (Closed) Formulary Plans:

38. All compounded prescriptions require prior authorization and must contain at least one prescription ingredient. Compound prescription medications with ingredients not requiring a Physician's authorization by state or federal law are excluded from Coverage.
39. Non-durable disposable medical supplies and items such as bandages, cotton swabs, hypodermic needles, and durable medical equipment not listed as covered are excluded from Coverage.
40. Immunization agents, biological sera, blood, or blood products are excluded from Coverage.
41. Injectables (other than those self-administered and insulin) are excluded from Coverage, unless authorized by the Plan.
42. Medication taken or administered to the Member in the Physician's office is excluded from Coverage, unless authorized by the Plan.
43. Medication taken or administered in whole or in part, while a Member is a patient in a licensed Hospital is excluded from Coverage.

44. Medications for cosmetic purposes only, including but not Limited to Retin-A for aging, are excluded form Coverage.
45. Medications for experimental indications and/or dosage regimens determined by the Plan to be experimental are excluded from Coverage.
46. Therapeutic devices or appliances, including but not limited to support stockings and other medical/non-medical items or substances, regardless of their intended use are excluded form Coverage.
47. Drug charges exceeding the cost for the same drug in a conventional packaging (i.e., convenience packages, unit doses, blister packs, etc.) are excluded form Coverage.
48. Drugs with a therapeutic over-the-counter (OTC) equivalent are excluded form Coverage.
49. Certain off-label drug usage is excluded from Coverage unless the use has been approved by the Plan.
50. Compound drugs are excluded from Coverage when alternative products are commercially available.
51. Cosmetic health and beauty aids are excluded form Coverage.
52. Drugs purchased from Non-Plan Providers over the internet are excluded from Coverage.
53. Drugs purchased through a foreign pharmacy are excluded from Coverage unless approved by the Plan for an emergency while traveling out of the country.
54. Flu symptom drugs are excluded form Coverage unless approved by the Plan.
55. Human growth hormone for the treatment of idiopathic short stature are excluded from Coverage.
56. Over the counter medical foods are excluded from Coverage under the pharmacy benefit.
57. Drugs not meeting the minimum levels of evidence based on one or more of the following standard reference compendia are not Covered Services:
 - a. American Hospital Formulary Service Drug Information;
 - b. National Comprehensive Cancer Network's Drugs & Biologics Compendium; or
 - c. Elsevier Gold Standard's Clinical Pharmacology.
58. Minerals, fluoride, and vitamins are excluded from Coverage unless determined to be Medically Necessary to treat a specifically diagnosed illness or when included under ACA Recommended Preventive Care.
59. Non-Sedating antihistamines are excluded from Coverage.
60. Pharmaceuticals approved by the FDA as a medical device are excluded from Coverage.
61. Drugs used to inhibit and/or suppress drowsiness, sleepiness, tiredness, or exhaustion, unless authorized by the Plan.
62. Prescriptions written by a licensed dentist are excluded from Coverage, except for the prevention of infection or pain in conjunction with a Covered dental procedure.
63. Raw powders or chemical ingredients are excluded from Coverage unless approved by the Plan or submitted as part of a compounded prescription.
64. Sexual dysfunction drugs are excluded from Coverage.
65. Travel related medications, including preventive medication for the purpose of travel to other countries are excluded from Coverage.
66. Infertility drugs are excluded from Coverage.
67. Prescription or over the counter appetite suppressants and any other prescription or over the counter medication for weight loss are excluded from Coverage.
68. Abortifacient drugs that cause abortions are not covered.

69. This plan uses a Closed Formulary. Any prescription drugs, over-the-counter drugs, or devices that are not included on the Plan's Prescription Drug Formulary are excluded from Coverage.

Non-formulary requests. You have the right to request a non-formulary prescription drug if You believe that You need a prescription drug that is not on the Plan's list of covered drugs (formulary), or You have been receiving a specific non-formulary prescription drug for at least six months previous to the development or revision of the formulary and Your prescribing physician has determined that the formulary drug is inappropriate for Your condition or that changing drug therapy presents a significant health risk to You, Your physician must complete a medical necessity form and deliver it to the Optima Health pharmacy authorization department. After reasonable investigation and consultation with the prescribing physician, Optima Health will make a determination. Optima Health will act on such requests within one business day of receipt of the request. You will be responsible for all applicable Copayments, Coinsurance, or Deductibles depending upon which Tier a drug is placed in by the Plan.
