2.0 PURPOSE:

The purpose of this RFP is to solicit Proposals from qualified Offerors, and to establish a Master Services Agreement (“MSA”) for manufacturing of implantable pellets containing hormonal (progestin and estrogen) compounds under cGMP conditions. Selection of the Offeror(s) is based on Offerors’ proposals for manufacturing and characterization of GMP pellets. Selected Offeror(s) may also be utilized for analytical services, packaging, terminal sterilization, storage, stability testing, shipping, and supply of final pellet product(s) for Phase I clinical study. Offerors must demonstrate the ability to tech-transfer, manufacture, and characterize the requested pellets or similar products under GMP conditions following relevant Food and Drug Administration (FDA) guidance and regulations, such as, but not limited to, 21 CFR Part 210 and 21 CFR Part 211.

3.0 SCOPE OF WORK
CONRAD has developed a subdermal pellet drug product and is seeking to transfer the technology from the R&D stage to the GMP stage in order to scale up and manufacture product for GLP and clinical studies. Specifically, the scope of work being requested includes the following:

- Transfer of existing R&D technology for the product from CONRAD to a GMP facility to include:
  - Formulation development report/data
  - Manufacturing process
  - Analytical test methods
  - Method qualification/validation reports
  - Stability data
- Qualification/validation of analytical methods appropriate for release of Phase 1 clinical trial material (CTM) and supporting a stability study of Phase 1 CTM
- Manufacturing process development and scale-up
- Development/validation of terminal sterilization process
- Production, packaging, terminal sterilization, and testing of non-GMP tech transfer batch
- Production, packaging, terminal sterilization, testing, and release of GMP CTM batch
- Stability study for GMP CTM batch

A brief overview of the pellet products, their manufacturing process, and characterization parameters are provided below.

**Product Overview:**
Cylindrical pellets (Figure 1) with weights of \( \leq 100 \text{ mg} \), uncoated or coated with a thin \( \leq 100 \text{ µm} \) polymeric membrane made of a combination of biodegradable polymers. The size (diameter/width x length) of each pellet is around 3 mm x 8 mm or 3 mm x 5 mm. The pellets will be manufactured aseptically, placed in individual containers (e.g., glass vials) and the final packaged product will be terminally sterilized using Gamma or E-beam methods.

![Figure 1: Schematics of a 3x8 mm Pellet with the Pellets manufactured at R&D Scale](image)

**Manufacturing of Pellets:**
The GLP/GMP manufacturing batch sizes for quality control, stability, and Phase I clinical testing are \( \leq 1 \text{ kg} \) or no more than 5 kg. All excipients used in the pellet formulations are FDA approved and considered safe for use in pharmaceutical products. The drug-loaded uncoated pellets will be manufactured under aseptic conditions using multiple steps of granulation (wet granulation), sieving, blending, drying, and compression processes. Manufacturing process should be able to maintain uncoated pellet integrity and physical properties (hardness, weight, and size) to the targeted values. Coating of uncoated pellets will be done using a solution of biodegradable polymers in a mixture of organic solvents.
Quality Control Parameters:
Pellets will be characterized for the following parameters: Appearance (shape/color by visual observation), Identification of drugs and drug assays (by HPLC), Related substances (total and individual impurities by HPLC), USP <905> Uniformity of dosage units (pellet size and weight by Micrometer and Analytical balance), Surface coating (coating thickness and uniformity by Micrometer), Hardness (by Hardness tester), Moisture content (by Karl Fischer Titration), Residual solvents (by Gas Chromatography), Microbiological limits, Endotoxin limits, and Sterility.

Stability Testing Time-points and Parameters:

The long-term and accelerated stability of pellets will be evaluated for the following conditions, parameters, and time-points:

**Condition and Time-points:**
- 25°C ± 2°C/60% RH ± 5% RH: Contingency samples and will be tested as required
- 30°C ± 2°C/75% RH ± 5% RH: T=0, 3, 6, 9, 12, 18, 24, 36 months
- 40°C ± 2°C/75% RH ± 5% RH: T=0, 1, 3, 6 months

**Testing parameters:**
- Appearance (shape/color)
- Pellet size and weight
- Drug assays
- Identification (T=0 only)
- Related substances
- Surface coating (coating thickness and uniformity)
- Hardness
- Moisture content
- Sterility test

   Please note CONRAD/EVMS’s mail exchange server has a limit of 25MB for incoming proposals. Proposals received in the email inbox after the deadline will not be considered, regardless of the time the email was sent. It is the responsibility of the offeror to ensure delivery of the full proposal by the designated date and hour. It is strongly recommended to email the proposal well in advance to avoid the potential for delays in delivery which would render the submittal untimely.

3. **Proposal Acceptance Period:**

   All Proposals must be received by the Due Date and time found on page 1 of this RFP (the “RFP Close”). Proposals received after RFP Close will not be considered. RFP modifications, unless requested by CONRAD/EVMS and posted to all Offerors on the EVMS RFPs website, will not be considered.

4. **Proposal Withdrawals:**

   At the sole discretion of the Offeror(s), Proposals may be withdrawn at any time prior to the RFP Close. After RFP Close, letters to withdraw a Proposal will not
be accepted and Proposals will remain valid until an award is made and a contract is executed or the RFP is canceled. If an award is not made within 120 days from the RFP closure date, the Proposal may be withdrawn at the written request of the Offeror.

C. **Proposal Preparation:**

1. Proposals shall be signed by an authorized representative of the Offeror (Attachment B). All information requested should be submitted to ensure consideration as a responsive bidder. Failure to submit all information requested may result in the following:

   a. CONRAD/EVMS may reject the Proposal as unresponsive. Proposals which are substantially incomplete or lack key information, may be rejected by CONRAD/EVMS; or,

   b. CONRAD/EVMS may lower the overall evaluation score due to missing information; or,

   c. CONRAD/EVMS may require prompt submission of missing information within a prescribed time period and/or the Offeror shall receive a lower overall evaluation score due to missing information lowered evaluation of the Proposal. If after being given an opportunity to submit missing information, the Offeror does not provide all of the requested information then subsections 7.0 C (1)(a) and (b) above apply.

2. All information above must be submitted along with the RFP cover sheet (Attachment A) and an Entity Data Sheet (Attachment C). Failure to submit all information requested may result in CONRAD/EVMS requiring prompt submission of missing information and/or giving a lowered evaluation of the Proposal. CONRAD/EVMS may reject Proposals which are substantially incomplete or lack key information.

3. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content and include or address the following:

   a. **Organization** - Proposals should be organized in the order in which the requirements are presented in the RFP;

   b. **Pagination** - All pages of the Proposal should be numbered;

   c. **Paragraph Structure** - Each paragraph in the Proposal should reference the paragraph number of the corresponding section of the RFP and it is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than
one page, the paragraph number and sub letter should be repeated at the top of the next page;

d. **Table of Contents** - The Proposal should contain a table of contents, which cross-references the RFP requirements; and,

e. **Additional Information** - Information which the Offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the Proposal and designated as additional material.

Incomplete Proposals or Proposals which lack clarity of content and organization may risk a reduced evaluation score or elimination from consideration.

4. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the critical requirements. “Must” and “shall” identify requirements where absence will have a major negative impact on the suitability of the Project and/or mandatory requirements, which are required by law or regulation and as such they cannot be waived and are not subject to negotiation. This includes any applicable prime award funding flow-down provisions, which are mandatory and/or required as applicable. Any federal standard provisions are an example of mandatory terms and conditions that are not subject to negotiation. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact on the Project and would be useful, but are not absolutely necessary or required. The inability of an Offeror to satisfy a “must” or “shall” requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offerors’ Proposal.

5. Each copy of the submitted Proposal contained in a single volume where practical (i.e., binder, stapled, or otherwise secured so that the pages will not easily separate or come loose). All documentation submitted with the Proposal should be contained in that single volume. For electronic submissions, the Proposal should be contained in a single PDF and submitted in one e-mail transmission.

6. All expenses involved with the preparation and submission of Proposals to CONRAD/EVMS, or any work performed in connection therewith, shall be borne by the Offeror. No payment(s) will be made for any responses received; or, for any other effort required of or made by the Offeror(s) prior to commencement of work as defined by a fully executed contract.

7. Ownership of all data, materials, and documentation originated and prepared for CONRAD/EVMS pursuant to the RFP shall belong upon submission exclusively to CONRAD/EVMS, as well as effective July 1, 2024, to Old Dominion University Research Foundation, and may be subject to public inspection in accordance with the Virginia Freedom of Information Act (FOIA) unless a confidentiality or non-disclosure agreement is signed by the parties.

D. **Oral Presentation:**
Offerors who submit a Proposal in response to this RFP may be invited or required to give an oral presentation of such Proposal to CONRAD/EVMS. This provides an opportunity for the Offeror to clarify or elaborate on the Proposal. This is a fact finding and explanation session only and does not include negotiation. If such oral presentations are deemed appropriate at the sole discretion of CONRAD/EVMS, CONRAD/EVMS will schedule the time and location for such presentations. Oral presentations, including telephone, video/internet conferencing are available at the sole discretion of CONRAD/EVMS and may or may not be conducted.

      reasonably necessary to the normal operation of the contractor. The contractor
      agrees to post in conspicuous places, available to employees and applicants
      for employment, notices setting forth the provisions of this nondiscrimination
      clause.

   b. The contractor, in all solicitations or advertisements for employees placed by
      or on behalf of the contractor, will state that such contractor is an equal
      opportunity employer.

   e. **Unreasonable Charges.** Under certain emergency procurements and for most time and materials purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, ODURF shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for
the determination. A contractor shall not institute legal action unless a settlement cannot be reached within sixty (60) days of notification.

In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

K. Qualifications of Offerors: The Medical School may make such reasonable investigations as deemed proper and necessary to determine the ability of the offeror to perform the services/furnish the goods and the offeror shall furnish to the Medical School all such information and data for this purpose as may be requested. The Medical School reserves the right to inspect offeror’s physical facilities prior to award to satisfy questions regarding the offeror’s capabilities. The Medical School further reserves the right to reject any proposal if the evidence submitted by, or investigations of, such offeror fails to satisfy the Medical School that such offeror is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.

L. Testing and Inspection: The Medical School reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the
specifications and communicate any adverse findings to Contractor and Old Dominion University Research Foundation contracting staff.

M. **Assignment of Contract:** A contract shall not be assignable by the contractor in whole or in part without the written consent of Old Dominion University Research Foundation.

N. **Changes to the Contract:** Changes can be made to the contract in any of the following ways followed by a change order/revised purchase order:

1. The parties may agree in writing to modify the scope of the contract. An increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.

2. Old Dominion University Research Foundation may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The contractor shall comply with the notice upon receipt. The contractor shall be compensated for any additional costs incurred as the result of such order and shall give Old Dominion University Research Foundation a credit for any savings. Said compensation shall be determined by one of the following methods:

   a. By mutual agreement between the parties in writing; or

   b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed subject to Old Dominion University Research Foundation’s right to audit the contractor’s records and/or to determine the correct number of units independently; or

   c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present Old Dominion University Research Foundation with all vouchers and records of expenses incurred and savings realized. Old Dominion University Research Foundation shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to Old Dominion University Research Foundation within thirty (30) days from the date of receipt of the written order from Old Dominion University Research Foundation.

O. **Disputes:** Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the performance of the contract generally or with the changes ordered by Old Dominion University Research Foundation.
P. **Default:** In case of failure to deliver goods or services in accordance with the contract terms and conditions, the Medical School or Old Dominion University Research Foundation, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in additional to any other remedies which the Medical School or Old Dominion University Research Foundation may have.

Q. **Taxes:** Sales to the Medical School, including Old Dominion University Research Foundation are normally exempt from State sales tax including prepared meals, catering and all serving charges, food, audio/visual services in connection with catering. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall be free of excise or transportation taxes.

R. **Use of Brand Names:** Unless otherwise provided in this solicitation, the name of a certain brand, make or manufacturer does not restrict offerors to a specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the Medical School, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The Offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts, and technical detail to enable the Medical School to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the offeror clearly indicates in its proposal that the product offered is an equal product, such proposal will be considered to offer the brand name product referenced in the solicitation.

S. **Transportation and Packaging:** By submitting their proposals, all offerors certify and warrant that the price offered for FOB destination includes only the actual freight rate costs at the lowest and best rate and is based upon the actual weight of the goods to be shipped. Except as otherwise specified herein, standard commercial packaging, packing and shipping containers shall be used. All shipping containers shall be legibly marked or labeled on the outside with purchase order number.

V. **Nondiscrimination of Contractors:** An offeror or contractor shall not be discriminated against in the solicitation or award of this contract because of race religion, color, sex, national origin, age or disability, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment or because the bidder or
offeror employs ex-offenders unless the Medical School has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If the award of this contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the Medical School shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

W. Permits and Fees: All proposals submitted shall have included in price the cost of any business or professional licenses, permits or fees required by the Commonwealth of Virginia. The Offeror must have all necessary licenses to perform the services in Virginia, and, if practicing as a corporation, be authorized to do business in the Commonwealth of Virginia.

In the event the initial contract period is for more than 12 months, the resulting contract may be terminated by either party, without penalty, after the initial 12 months of the contract period upon 60 days written notice to the other party. Any contract cancellation notice shall not relieve the contractor of the obligation to deliver and/or perform on all outstanding orders issued prior to the effective date of cancellation.

I. Accuracy/Competition: By submitting a proposal, offerors certify that all information provided in response to this RFP is true and accurate. Failure to provide information required by this RFP may ultimately result in rejection of the proposal.

Furthermore, the Medical School has broad flexibility in fashioning the details of competition for this RFP. **11.0 CONTRACT NEGOTIATION**

**A.** Based on evaluation of the Proposals, one or more successful Offerors will be selected. Award of the contract shall be made to the Offeror(s) deemed to be fully qualified and best suited for the project based on the evaluation criteria set forth herein. ODURF/CONRAD will select the Proposal determined during the evaluation of the timely submitted Proposals to be the most advantageous in meeting the specifications as outlined under this RFP. This may or may not be the Offeror that presented the lowest costs/price.

**B.** ODURF/CONRAD will forward the successful Offeror(s) a draft Master Service Agreement (MSA) for review and negotiation. During this negotiation process, the successful bidder may review the terms and conditions and negotiate with ODURF/CONRAD on acceptable MSA language. It is anticipated that the MSA will be accompanied by one or more Task Orders (TOs), each of which will cover a specific work scope. Further negotiation with the selected Offeror(s) is anticipated to finalize work scope(s) and budget(s) of individual TO(s).

**C.** Terms and Conditions including, but not limited to, insurance, governing law, intellectual property and data rights and dispute resolution that are added to or modified from ODURF/CONRAD approved terms and conditions shall require ODURF/CONRAD approval. In that regard, the resultant MSA will be considered a Fee-for-Service contract and CONRAD/EVMS, which will become part of Old Dominion University on July 1, 2024, and Old Dominion University Research Foundation, would own the data generated from the Study(ies).

**D.** Non-Negotiable Terms and Conditions.

By submitting a response to this RFP the Offeror agrees that it, and any subcontractors that Offeror shall utilize to fulfill the Contract Workscape, shall be subject to mandatory standard provisions that flow-down from the prime award made to ODURF/CONRAD by the Federal Government or private funders applicable to that contract under the prime award and that it must certify compliance with certain federal laws/guidelines, as applicable, including, but not limited to the following:

This regulation prohibits discrimination against qualified protected veterans, and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans.

2. Equal Employment Opportunity (EEO) Clause for Individuals with Disabilities. An offeror or contractor shall abide by the requirements of 41 CFR 60-741.5(a). 4. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c), as supplemented by Department of Labor regulations (29 CFR part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”), prohibiting the Contractor from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part or compensation to which otherwise entitled;

5. Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, “Labor Standards Provisions applicable to Contracts Governing Federally Financed and Assisted Construction”), regulating wages to laborers and mechanics;

If ODURF/CONRAD and the Offeror(s) are unable to agree on the negotiated contract terms and conditions, ODURF/CONRAD may elect to terminate negotiations and begin negotiations with the second best ranked Offeror and so forth. If those negotiations do not result in mutually acceptable contract terms and conditions, the negotiations with the next best qualified Offeror(s) will continue until there is an executed contract, there are no more Offerors to negotiate with based on submitted/complete Proposals or ODURF/CONRAD, at its sole discretion, terminates the RFP. No Offeror shall have any claims and/or rights against ODURF/CONRAD arising from such negotiations and/or the RFP evaluation or overall process.

F. At the conclusion of negotiations, the Offeror(s) may be asked to submit in writing, a Best And Final Offer (BAFO) along with an executed copy of the negotiated contract with the understanding that all contracts funded under prime awards to ODURF/CONRAD by the United States Government, private foundations or other nonprofit organizations may be subject to availability of funds. Under these circumstances, there may be additional approval requirements required by the funding federal agency, private foundation or other organization. After submitting the BAFO and/or the Contract is fully executed, no further negotiations shall be conducted with the Offeror(s). In the case of BAFO submission, the Offeror’s Proposal will be rescored to combine and include the information contained in the BAFO. CONRAD/EVMS will base its final decision regarding the contract award on the final evaluation, which will include the BAFO.

G. Cancellation of Contract.
ODURF/CONRAD reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, unless otherwise negotiated under the contract, upon thirty (60) days prior written notice to the contractor. The proprietary material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute proprietary information. In addition, a summary of proprietary information provided shall be submitted on this form, including the section of the proposal in which it is contained, as well as the page number(s), and stating the reasons why protection is necessary. The designation of an entire proposal document, line item prices, and/or total proposal prices as proprietary is not acceptable. If, after being given reasonable time, the offeror refuses to withdraw such a classification designation, the proposal will be rejected.
